It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is a manufacturing use product for formulation of microbiocides for controlling the growth of algae, bacteria, and fungi in cooling systems; to control algae in swimming pools, exterior spas, whirlpools, hot tubs, decorative water features, and industrial process water systems; and to inhibit the growth of bacteria that cause degradation of cutting fluids.

STORAGE AND DISPOSAL:

Nonrefillable container. Do not contain or use for later use or disposal. Repeat this rinsing procedure two more times. Then offer for recycling if available or reconditioning, if appropriate, or by other procedures if approved by state and local authorities.

STORAGE:

Do not stack more than four drums high. Leaking or damaged drums should be placed in overpack drums for disposal. In case of spills, use sawdust or sand to absorb the spilled pesticide and disposed of in a sanitary landfill. Keep container closed when not in use. In case of spills, use sawdust or sand to absorb the spilled pesticide and disposed of in a sanitary landfill.

PESTICIDE DISPOSAL:

Pesticide wastes may be hazardous. Improper disposal of excess pesticides, spray mixtures, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING:

Nonrefillable container. Do not reuse or refill empty container. Trickle rinse the container with water. Mop up spills with clean water. Offer for recycling or discard in sanitary landfill or by other procedures if approved by state and local authorities.

PESTICIDE DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal. Do not ship with Food, Feed, Drugs, or Clothing.

STORAGE:

Keep container closed when not in use. In case of spills, use sawdust or sand to absorb the spilled pesticide and disposed of in a sanitary landfill.
