AN INSECTICIDE AND MITICIDE FOR FORMULATION USE ONLY

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner incon- sistent with its labeling.

RESTRICTIONS

This product cannot be formulated into end-use products that are formulated as a preservative (i.e., screen) or a wash-in. Any ULV end-use products formulated for use for aerial applications, other than those with directions for use in Wide Area Mosquito Adulticidal Aerial Formulations, must be packaged in closed mixing and loading systems.

All wettable powders (WP) formulations must be packaged in water soluble packaging. This product cannot be formulated into end-use products formulated for use as a dust with directions for use in residential settings.

Only for formulation into an insecticide for the following use(s):

(1) The following uses:

TERRESTRIAL FOOD CROP: Alfalfa, apricot, avocado, beans* (dry and succulent), broccoli, broccoli, bears*, dill (dry and succulent), bell pepper*, blueberry, broccoli, cherry (sweet and tart), clove, cucumber, eggplant, endive, field corn, garlic, grape, grapefruit, grape, grapes, green onions, kumquat, lettuce (head and leaf), leek, lemon, lespedeza, lime, luffa, luffa, oranges, oranges, orange, pasta, pasta, pepper, pepper, poppy, range land, rye, shiitake, squash, squash, strawberry, sweet corn, tangerine, tomato, tomato, tomato, and yams.

When formulating MALATHION TECHNICAL for use on beans and sorghum, the resultant crop loadings of beans (forage and strawchaff) and sorghum (fodder/stover and forage) cannot be used as livestock feed. In addition, beef/veal grazing is not permitted for the forage of beans and sorghum treated with any formulation of MALATHION TECHNICAL.

TERRESTRIAL NON-FOOD CROP: Christmas trees plantations, ornamental herbaceous/nonflowering plants and ornamental and/or shade trees, ornamental wood shrubs and vines, pine seed orchards, and uncultivated non-agricultural areas.

DOMESTIC AND NON-DOMESTIC OUTDOOR: Garbage dumps, outdoor domestic dwellings, walls and general outdoor treatment (for flying insects).

NONDOMESTIC INDOOR (STORED SILOS, GRAIN ELEVATORS): COMMODITY TREATMENT: Stored commodities (corn, barley, oats, rye, and wheat).

AQUATIC FOOD CROPS: None.

RESTRICTION: When formulating MALATHION TECHNICAL for use on these crops, the following statement applies: “Broadcast use only over intermittently flooded area. Application may not be made around bodies of water where fish or shellfish are grown or/and com- mercially harvested.”

(2) Uses for which USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration (which are not prohibited):

(3) Uses for experimental purposes that are in com- pliance with USEPA requirements.
