ENVIRONMENTAL HAZARDS

This product, and its container, must not be disposed of in recommended wheelie bins unless disposed of in accordance with relevant health and safety guidance. Do not discharge effluent containing this product into lakes, streams, ponds, drains, septic tanks, or other water bodies unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

If you are more than 200 feet from the water, use a suitable water soluble container and spill control materials to contain the spill. Do not contaminate water sources with the product or used containers.

HAZARDS TO FISH AND OTHER WILDLIFE

This product may be toxic to fish and wildlife. Avoid direct contact with fish, birds, and wildlife. Use caution when using this product near water bodies. For information about the potential impacts of this product on water bodies, refer to the Environmental Protection Agency (EPA) website at http://www.epa.gov/owsl/.

RESTRICTIONS

This product may not be sold or used in the following area:

- Within 66 feet of any public recreation area, including parks, trails, and other areas designated for public use.
- Near wildlife refuges, sanctuaries, or other areas designated for wildlife protection.
- Within 20 feet of any other area designated for use by the Department of Natural Resources.

STORAGE AND DISPOSAL

Do not store at high temperatures or excessive moisture.

PESTICIDE STORAGE:

Do not store at high temperatures or excessive moisture.

PESTICIDE DISPOSAL:

Do not store at high temperatures or excessive moisture.

For help in a chemical emergency call CHEMTREC 800-424-9300. Before using consult material safety data sheet.
