**UN1903, disinfectants, liquid, corrosive, n.o.s.**

(N-Alkyl (C12-16)-N,N-dimethyl-N-benzyl ammonium chloride; Ethanol)

**ACTIVE INGREDIENT:**

Alkyl (C14-58%, C16-28%, C12-14) dimethyl benzyl ammonium chloride.…………………………………50.0%

Other Ingredients……………………………………………….……50.0%

Total……………………………………..………..……..……………100 %

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER!  CORROSIVE.

**DIRECTIONS FOR USE**

Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes. Do not rinse exposed eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.

**FIRST AID**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**PHYSICAL OR CHEMICAL HAZARDS**

**COMBUSTIBLE. DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME!**

**FOR USE BY MANUFACTURERS ONLY IN FORMULATING ANTIMICROBIAL PRODUCTS FOR THE USES INDICATED ON THE LABEL**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is a concentrate for formulating purposes only. This product is for formulation into antimicrobial products for use in/on Agricultural premises and equipment, Food Handling/storage establishment premises and equipment, Commercial, institutional and industrial premises and equipment, Residential premises, Medical Premises and equipment, Industrial processes and water systems, Wood preservatives and Swimming Pools.

Formulators using this product are responsible for providing data for the EPA registration of their formulated products. This product may be used to formulate products for specific uses not listed on this label if the formulator or primary registrant has complied with U. S. EPA data requirements regarding the support of such use(s).

NOTE: This product should not be used or compounded with any reducing or oxidizing agents (such as calcium hypochlorite, solid perchlorate, or nitric acid) since such mixtures may be explosive. Do not use in conjunction with soap or any anionic wetting agent.

**DISPENSATION**

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE DISPOSAL**

Open dumping is prohibited. Store in original container in areas inaccessible to children. Do not store on site.

**PESTICIDE DISPOSAL**

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER HANDLING**

(For Nonrefillable Plastic containers > 5 gallons but ≤ 100 gallons) Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triplet Rinse as follows: Empty remaining contents into application equipment or a mix tank. Fill the container ½ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinseate into application equipment or a mix tank or store rinseate for later use or disposal. Repeat this procedure two more times. After this procedure has been completed, offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. If not triple rinsed, these containers are acute hazardous wastes and must be disposed in accordance with local, state, and federal regulations.

(For Nonrefillable Containers > 100 gallons) Nonrefillable container. Do not reuse or refill this container. Empty container promptly after emptying. To clean the container, empty the remaining contents from this container into application equipment or a mix tank. Fill the container 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinseate into application equipment or rinseate collection system. Repeat the rinsing procedure two more times. Return to point of sale or offer for recycling if available or reconditioning if appropriate.
