Barquat® 80-28

For Use By Manufacturers Only In Formulating Antimicrobial Products For The Uses Indicated On The Label

Active Ingredients:

Alkyl (C16-28%, C14-14%) Dimethyl Benzyl Ammonium Chloride: 80.0%

Other Ingredients: 20.0%

Total: 100.0%

Other Ingredients: 20.0%

Total: 100.0%

FOR USE BY MANUFACTURERS ONLY IN FORMULATING ANTIMICROBIAL PRODUCTS FOR THE USES INDICATED ON THE LABEL

Active Ingredients:

Alkyl (C16-28%, C14-14%) Dimethyl Benzyl Ammonium Chloride: 80.0%

Other Ingredients: 20.0%

Total: 100.0%

Barquat®, a LONZA trademark, is registered in the USA.

EPA Reg No. 6836-162

DANGER TO HUMANS AND DOMESTIC ANIMALS

This product is a concentrate for formulating purposes only. This product for formulation into antimicrobial products for use in/on Agricultural premises and equipment, Food handling/storage establishment premises and equipment, Commercial, institutional and industrial premises and equipment, Residential and public access premises, Medical Premises and equipment, Industrial processes and water systems, Wood preservatives and Sawdust Pools. Formulations using this product are responsible for providing data for the EPA registration of their formulated products. This product may be used to formulate products for specific uses not listed on this label if the formulation or primary registrant has complied with U.S. EPA data requirements regarding the support of such labels. NOTE: This product should not be used or compounded with any reducing or oxidizing agents (such as calcium hypochlorite, sodium percarbonate, or nitric acid) since such mixtures may be explosive. Do not use in conjunction with soap or any anionic washing agent.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance; then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.

Note to Physician: Potentially mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsions may be needed.

NOTE TO PHYSICIAN: Potentially mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsions may be needed.

ENVIROMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

COMBUSTIBLE. DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME!

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is a concentrate for formulating purposes only. This product for formulation into antimicrobial products for use in/on Agricultural premises and equipment, Food handling/storage establishment premises and equipment, Commercial, institutional and industrial premises and equipment, Residential and public access premises, Medical Premises and equipment, Industrial processes and water systems, Wood preservatives and Sawdust Pools. Formulations using this product are responsible for providing data for the EPA registration of their formulated products. This product may be used to formulate products for specific uses not listed on this label if the formulation or primary registrant has complied with U.S. EPA data requirements regarding the support of such labels. NOTE: This product should not be used or compounded with any reducing or oxidizing agents (such as calcium hypochlorite, sodium percarbonate, or nitric acid) since such mixtures may be explosive. Do not use in conjunction with soap or any anionic washing agent.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. To clean the container, empty the remaining contents from this container into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Repeat the container at least once, until no liquid is left. Then allow the container to dry. Do not dispose of these containers in the regular trash. They can be recycled. Check with your local recycling agency for more information.

Pesticide Storage

Open dumping is prohibited. Store in original container in areas inaccessible to children. Do not store on side.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of approved pesticide, empty container, or mixure is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING

For Nonrefillable Plastic containers: 5 gallons (or less) 100 gallons

Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Repeat the container at least once, until no liquid is left. Then allow the container to dry. Do not dispose of these containers in the regular trash. They can be recycled. Check with your local recycling agency for more information.

For Nonrefillable Container > 100 gallons

Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. To clean the container, empty the remaining contents from this container into application equipment or a mix tank. Fill the container about 10 percent full with water. Agitate vigorously or roll the container carefully in a controlled manner. Place container in a secure waste disposal or collection system. Repeat this rinsing procedure two more times. Return to point of sale or offer for recycling if available or reconditioning if appropriate.
