CONTRAC®

KILLS RATS, MICE & MEADOW VOLES*

Kills Warfarin Resistant Norway Rats

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Back Panels for additional First Aid and precautionary statements, and Directions For Use.

ACTIVE INGREDIENT:
Bromadiolone (CAS #28772-56-7): . . . . . . . . . 0.005%
OTHER INGREDIENTS†: . . . . . . . . . . . . . . 99.995%
†Contains Denatonium Benzoate

*Not permitted for use against the following species in California: Cotton rat, Eastern harvest mouse, Golden mouse, Polynesian rat, Meadow vole, White-throated woodrat, Southern plains woodrat, and Mexican woodrat.
CONTRAC®

BULK PELLETS

KILLS RATS, MICE & MEADOW VOLES*
Kills Warfarin Resistant Norwegian Rats

Norway rats, roof rats, and house mice may consume a lethal dose in one night’s feeding with first dead rodents appearing four or five days after feeding begins.

ACTIVE INGREDIENT: Bromadiolone (CAS #28772-56-7): . . . . . . 0.005%
OTHER INGREDIENTS*: . . . . . . . . . . . . . . . . . . . . . . . 99.995%

CAUTION: Harmful if swallowed. Harmful if inhaled. Avoid breathing dust. Causes moderate eye irritation. Keep away from children, domestic animals and pets. Do not get in eyes or on clothing. Remove and wash contaminated clothing before reuse.

User Safety Requirements

Follow manufacturer’s instruction for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Users should remove clothing/PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash hands thoroughly after applying bait and before eating, drinking, chewing gum, using tobacco or using the toilet and change into clean clothing.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

ENVIRONMENTAL HAZARDS:

This product is extremely toxic to mammals and birds. Top predators and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten the bait. This pesticide is toxic to fish.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on this label.

IMPORTANT:

1. Do not expose children, pets, or nontarget animals to rodenticides. To help prevent exposure:
   a. Store unused product out of reach of children and pets.
   b. Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from bait stations when they are lifted, units must be secured or

DIRECTIONS FOR USE

(renewed from other panel)

Bait stations are mandatory for outdoor, above-ground use. Tamper-resistant bait stations must be used wherever children, pets, non-target mammals, or birds may have access to the bait placement location.

USE RESTRICTIONS: This product may only be used to control the following rodents in and around man-made structures:

- House mouse (Mus musculus), Norway rat (Rattus norvegicus), Roof rat (Rattus rattus), Cotton rat (Spermophilus,)
- Mexican woodrat (Neotoma albigula), Southern plains woodrat (Neotoma micropus), and Mexican woodrat (Neotoma mexicana).

This product must be used in and within 100 feet of man-made structures constructed in a manner so as to be vulnerable to commensal rodent invasions and/or to harboring or attracting rodent infestations provided that infestations of these rodents have been confirmed. Efforts should be made to remove food, trash, garbage, and debris. Bait must be placed no less than 6 inches above active rat burrows. Do not broadcast bait.

Do not use in sewers. Do not place near or inside ventilation duct openings. Do not contaminate water, food, feed, feeders, food or feed handling equipment, or milk or milk handling equipment or surfaces that come into direct contact with food. When used in USDA inspected facilities, this product must be applied in tamper-resistant bait stations.

Do not sell the product in individual containers holding less than 10 pounds of bait.

SELECTION OF TREATMENT AREAS: Determine areas where rats, mice, or meadow voles will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in or beside burrows, in or near cracks and crevices, and on exposed food sources and openings of buildings and related structures around and associated with these sites. Fence and perimeter baiting, beyond 100 feet from a structure as defined above, is prohibited. This product must not be applied directly to food or feed crops.

CAUTION: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

NOT PERMITTED FOR USE: See S сайте: for additional First Aid and precautionary statements, and Directions For Use.
