DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Apply Process QDS with a cloth, mop, or mechanical spray device. When applied with a mechanical spray device, surface must be sprayed until thoroughly wetted. Treated surfaces must remain wet for 10 minutes. Fresh solution should be prepared daily or when the site/solution becomes visibly dirty.

DISINFECTION IN HOSPITALS, NURSING HOMES AND OTHER HEALTHCARE INSTITUTIONS: For disinfecting floors, walls, countertops, garbage pails and other hard non-porous surfaces. Add 35 oz. of Process QDS to 4.5 gallons water. Allow solution to remain wet for at least 10 minutes followed by adequate draining and air drying. DO NOT RINSE. Proper fresh solution at least daily or when solution becomes discolored or soiled. For mechanical application, site/solution may not be reused for sanitizing applications. Apply to sink tops, countertops, refrigerated storage and display equipment and other stationary hard non-porous surfaces by cloth or mechanical spray device. Let surfaces drain and dry.

SANITIZATION OF FOOD PROCESSING EQUIPMENT AND OTHER HARD NON-POROUS SURFACES IN FOOD CONTACT LOCATIONS: For sanitizing food processing equipment, dairy equipment, food utensils, dishes, silverware, glasses, sink tops, countertops, refrigerated storage and display equipment and other hard non-porous surfaces. One-day sanitation: Do NOT RINSE. Let surfaces drain and dry.

Wash and rinse all articles thoroughly, then apply a solution of 1 oz. of Process QDS in 4.5 gallons of water (150 ppm active). Allow solution to remain wet for at least 1 minute followed by adequate draining and air drying. Do NOT RINSE. Proper fresh solution at least daily or when solution becomes discolored or soiled. For mechanical application, site/solution may not be reused for sanitizing applications. Apply to sink tops, countertops, refrigerated storage and display equipment and other stationary hard non-porous surfaces by cloth or mechanical spray device. Let surfaces drain and dry.

Sanitary dishes, silverware, glasses, cooking utensils and other similar size food processing equipment by immersion in a 1 oz. per 4 gallon solution of Process QDS. After 1 minute, remove utensils and let drain and air dry. Do NOT RINSE.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Do not breathe spray mist. Water puddles or soap should be removed immediately with soap and water after handling. Remove contaminated clothing and wash before reuse.

Storage and Disposal

Store in original container in areas inaccessible to children. Do not store on site. Avoid exposure or impacting of side walls.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recan. Shake for 10 seconds. Pour residuals into application equipment or a mix tank or store for 10 months for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.
