FIFRA Section 24(c) Special Local Need Label

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF WASHINGTON

For Control of weeds growing on the U.S. Army Yakima

Firing Center Firebreaks (Spring or Fall Application)

Krovar I DF Herbicide®

EPA Reg. No. 432-1551
SLN. No. WA-930001

This label for Krovar I DF Herbicide Expires and must not be distributed or used in accordance with this SLN registration after December 31, 2019.

Krovar I DF Herbicide is a state restricted use pesticide and is to be distributed only by licenses pesticide dealers. Only certified applicators or persons under the direct supervision of a certified applicator may use or apply Krovar I DF Herbicide.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label must be in the possession of the user at the time of pesticide application. Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label.

DIRECTIONS FOR USE
Krovar I DF Herbicide is recommended for grass and broadleaf weed control on the U.S. Army Yakima Firing Center Firebreaks. For use under this SLN label do not apply this product through any type of irrigation system.

HOW TO USE

Moisture is required to activate and move Krovar I DF Herbicide into the root zone of weeds for preemergence control. Do not make more than one (1) application per year per acre. Make a single fall application of Krovar I DF Herbicide at 10 lbs. per acre as a broadcast spray with aerial or ground application equipment. A single application of Krovar I DF Herbicide at no more than 10 lbs per acre may be made in the spring (prior to or during the rainy spring season to coincide with periods of higher seasonal moisture probability). For aerial applications, use a minimum of 15 gallons water per acre. A minimum of 10 gallons water may be used for aerial application provided there is a 100-foot setback (buffer zone) from desirable plants and sensitive sites and only when using nozzles that produces at least a very coarse droplet size spectrum (VMD >400 microns).

CONTAINER DISPOSAL

WSDA Container Disposal Guidance: Completely empty the contents of the pesticide container into application equipment, and apply to a labeled crop or site. The empty container may be disposed of in a sanitary landfill. Burning is not a legal method of container disposal in Washington.
IMPORTANT

BEFORE USING KROVAR I DF HERBICIDE, READ AND CAREFULLY OBSERVE THE CAUTIONARY STATEMENTS AND ALL OTHER INFORMATION APPEARING ON THE PRODUCT LABEL.

This bulletin contains new or supplemental instructions for use of this product which may not appear on package label. Follow the instructions carefully.
