This product is for control of Norway rats, roof rats and house mice only inside of homes, industrial, commercial, agricultural, and public buildings and likely entry routes into buildings. DITRAC TRACKING POWDER must be placed in public buildings, and similar man-made structures and in burrows located along the periphery of these structures.

**USE RESTRICTIONS:**
This product is for use indoors and in burrows leading indoors only. This product is extremely toxic to mammals and birds. Dogs and other predatory and scavenging mammals and birds might be poisoned if they eat bait. Avoid contact with food or feedstuffs and other food or feed handling equipment, water, other chemicals, and pests. Do not use on or near food or feedstuffs, water, or other chemicals.

**APPLICATION DIRECTIONS:**
DITRAC TRACKING POWDER is guilty of kill small and large rodents. Apply the powder into the enclosed spaces or areas that may be contaminated. For large areas, apply the powder in patches 12 inches long and 6 inches wide. Apply the powder into the rodent burrow or powder in patches in such a manner as to expose the rodent to it. Patch size may be, but not limited to, 6" x 12" and should be adapted to each situation. For rat burrows that are located along the periphery of buildings and that are likely to serve as routes of entry into these structures, place about 5 grams of powder in patches 12 inches long and 6 inches wide. Apply the powder into the rodent burrow or powder in patches in such a manner as to expose the rodent to it. Patch size may be, but not limited to, 6" x 12" and should be adapted to each situation. For rat burrows that are located along the periphery of buildings and that are likely to serve as routes of entry into these structures, place about 5 grams of tracking powder in each burrow with but powder under 12 (6.14m) spaces. Close burrows with steel, leather, canvas or paper. Repeat if burrows are reopened. Maintain powder in treated areas for at least 20 days. If reinfestation does occur, repeat treatment.

**FOLLOW-UP:**
After application, keep bait boxes or other obstacles to rodents to travel through covered areas.

**RESTRICTED USE PESTICIDE**

**DIRECTIONS FOR USE**

This product is for use indoors and in burrows leading indoors only. The product is extremely toxic to mammals and birds. For retail sale to, and use by Certified Applicators, or persons under their direct supervision and only for those uses covered by the Certified Applicator Certification.

**KEEP OUT OF REACH OF CHILDREN**

See back panels for first aid and additional precautionary statements.
