GENERAL INFORMATION

CHLOR-BAC is primarily designed for use in swimming pool applications, but is also effective on pots, pans, utensils and equipment. CHLOR-BAC has a very low odor level which will leave glasses without a characteristic chlorine odor after swishing. It is an excellent clarifier and leaves glassesware sparkling.

DIRECTIONS FOR USE:

READ AND FOLLOW STANDARDS AND MATERIAL SAFETY DATA SHEET (MSDS) BEFORE USE, as it is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Cleaning Utensils and Glasses (for Recreational Use):

1. Pre-treat all soiled glassware and ceramics with powdered CHLOR-BAC in a bucket.
2. Fill the bucket with water and add CHLOR-BAC until the solution is saturated.
3. Swish the glasses vigorously with a brush and leave in the solution for up to 30 minutes.
4. Remove the glasses from the solution and rinse thoroughly with clean water.
5. Repeat cleaning procedure until glasses are clean.

Cleaning Kitchen Equipment and Soft Serve Machines:

1. Add powdered CHLOR-BAC to the wash cycle of the dishwasher.
2. Fill the detergent dispenser with powdered CHLOR-BAC.
3. Place a small amount of powdered CHLOR-BAC in the rinse aid reservoir of the dishwasher.
4. Run the dishwasher cycle as recommended by the manufacturer.

POTENTIALLY HARMFUL AND DOMESTIC ANIMALS:

DANGER: Corrosive. Causes irreversible eye damage. May be fatal if ingested. Causes skin irritation, burning if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust. Wear protective rubber gloves and wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL HAZARDS:

STORAGE AND HANDLING:

Keep out of reach of children.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person take a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

For Medical Emergency ONLY call: 1-800-923-4911

NOTE TO PHYSICIAN: Probable internal damage may contraindicate the use of gastric lavage.

MULTIPLE PANELS FOR PRECAUTIONARY STATEMENTS:

EPA Regulation No. 7144-17
EPA Est. No. 3640-W-1

ACTIVE INGREDIENT:

Active Ingredient: Sodium dichloroisocyanurate dihydrate ........................................ 25.0% Other Ingredients ........................................ 75.0% Total ........................................ 100.0%

CHLOR-BAC

Powdered Chlorinating Sanitizer for Shake and Soft Serve Machines, Kitchen Utensils and Equipment

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage. May be fatal if ingested. Causes skin irritation, burning if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust. Wear protective rubber gloves and wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL HAZARDS

PROPER STORAGE:

Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration.

POTENTIAL DISPOSAL:

Pesticide Disposal: Pesticide disposal is a common household practice. Do not wash this container or rinse it with water. Keep this container at least 50 feet away from metal containers or other chemical storage areas. Do not allow this container to come in contact with metal or other coated surfaces. If you accidentally spill this product, wash the area with soap and water.王朝 Canning and Recycling (C&RC) for disposal. Containers should be disposed of in a manner consistent with local regulations.

CONTAINER DISPOSAL:

Non-hazardous container. Do not reuse or refill this container. Completely empty (pour) out any remaining liquid by shaking and tapping sides and bottom in loose飞翔 into appropriate equipment. Then dispose of (pour) in a sanitary landfill or by incineration if allowed by local and state authorities. (See back of box for recycling or reconditioning it available.)
