**APPLICATION DIRECTIONS**

**For Use In**

- Homes & Buildings
- Palatable Formulation

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label contains all information necessary to use this product safely and effectively. Do not exceed stated concentration or apply product on any substance not specified on the label.

**IMPORTANT:** Do not expose children, pets, or nontarget animals to rodenticides. To help to prevent accidents:

1. Store unused product out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in larger resistant bait stations. These stations must be resistant to destruction by dogs and children and at least 4 inches (10 cm) in diameter. Stations must be placed in areas which are inaccessible or protected by a tamper-resistant mechanism to prevent children and pets from gaining access to the bait. Stations must be securely fastened or otherwise firmly fixed in place and be no more than 10 feet (3 m) from a point of entry to a structure or property.
3. Determine areas where rats or mice will most likely infest. Examples of such structures include homes and other permanent or temporary storehouses that are constructed in a manner so as to provide harborage for rodents. Rat and mouse burrow bait stations with TOMCA T Rat and Mouse Bait Place Pacs are prohibited.

**KILLS RATS & MICE**

Use only for sites, pests, and application methods described on this label. This product can only be used to control Norway rats, roof rats and house mice.

- Other Ingredients: . . . . . . . . . . . . . . . . . . . . . . . 99.995%

**KEEP OUT OF REACH OF CHILDREN CAUTION**

See back panels for First Aid and additional precautionary statements.

**NEVER USE OTHER INGREDIENTS**

**For Use In & Around Homes & Buildings**

**APPLICATION DIRECTIONS (Continued from other panel)**

If animal eats bait, call veterinarian or 1-877-854-2494 at once. Replace contaminated or spoiled bait immediately. Using gloves, collect and dispose of all dead, exposed animals and leftover bait. Remove all dead, exposed animals and leftover bait. Remove bait from areas where rats or mice might enter. Replace bait in accessible areas where rats or mice might enter. Replace bait in accessible areas where rats or mice might enter.

**HARMFUL IF SWALLOWED**: Keep away from children, domestic animals and pets. All handling (including application) must wear gloves, masks, and gowns. Anyone who retrieves carcasses or unused bait following application of this product must wear gloves, masks, and gowns.

**TREATMENT FOR PET POISONING**

**Pesticide Storage:**

Do not store in direct sunlight, or on or near heat, cold or moisture. Provide ventilation in buildings and inhabited structures around and associated with these places. Pierce and puncture labeling, beyond that which is included as defined above, is prohibited. This product must be applied directly to food or feed crops.

**User Safety Requirements**

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washable PPE, use detergent and hot water. Keep and wash PPE separately from other laundry. Remove PPE when you leave your work area and before eating, drinking, chewing gum, using tobacco or using the toilet and change into clean clothing.

**NOTE TO PHYSICIAN**

If exposed, it is material. Notify the treating physician of the blood and oral bleeding. If necessary, administer Vitamin K_1_ intravenously.

**ENVIROMENTAL HAZARDS**

This product contains a toxicant that is harmful to wildlife and other nontarget species. Dogs, cats, other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten the bait. Do not apply directly to water or to areas where aquatic animals are present in or near the areas being treated; do not use around water bodies or where residual bait is present in or near the areas being treated.
