PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID
If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. Have the product container with you when calling a Poison Control Center or doctor or going for treatment.

Medical Emergency Telephone 1-800-333-9503 (U.S.) Outside the U.S. 1-312-323-5590
Not only helps control the hazards of cross-contamination from treated hard, nonporous, environmental surfaces, but also kills many microorganisms that cause odors. This product is for disinfecting hard, nonporous surfaces.

Sanit Blue Plus Daily Bathroom Cleaner delivers non-acid disinfectant and cleaning performance and is effective yet economical.

Sanit Blue Plus Daily Bathroom Cleaner kills Pseudomonas aeroginosa (Pseudomonas), Staphylococcus aureus (Staph), Salmonella enterica (Salmonella) and Streptococcus pyogenes (Strep). Also kills viruses such as “Herpes Simplex Virus Type 2 (Herpes),” “HIV-1 (the AIDS Virus) and “Influenza Type A; Brazilian Virus (Influenza).” It is also effective against the pathogenic fungi Trichophyton mentagrophytes (Athlete’s foot fungus) (“Trichophyton” when used as directed for disinfection with a contact time of 10 minutes on hard, nonporous surfaces in bathrooms, including shower stalls, floors, bath mats, glazed bathroom tiles and locker room benches. Kill: Pandemic 2009 (H1N1) flu virus A virus.

Use Sanit Blue Plus Daily Bathroom Cleaner to clean and disinfect: Finished floors, tiles and tubs with a mop and bucket, stainless sinks, and exposed wood surfaces, ovens, grills and stoves, and counter surfaces.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Disinfection / Virucidal / Fungicidal / Mold or Mildew Directions: If surfaces are visibly dirty pre-clean first. Apply with a mop, sponge, cloth, or spray on hard, nonporous surfaces to thoroughly wet surfaces. For sprayer applications, use a coarse spray device. Spray 6 - 8 inches from surfaces until thoroughly wet for 10 minutes. Allow breathing space. Rub with a brush, sponge or cloth. Treated surfaces must remain wet for 10 minutes. Wipe dry with a clean cloth, or sponge or allow to air dry. Rinse is necessary on floors that are to be waxed or polished. For mold and mildew control, repeat application weekly or more often. Rinse all surfaces that come in contact with food such as countertops, appliances, tables and doorknobs with potable water before re-use. This product should not be used on: Unsanitary, glassware and dishes.

To Clean and/or Deodorize: Apply by mop, sponge, cloth or spray on hard, nonporous surfaces. Wipe dry with a clean cloth or sponge, or allow to air dry.

Sanitizing Non-Food Contact Surfaces: Use on washable, hard, nonporous surfaces: walls, floors, tables, garbage cans and telephones. The product is effective against Staphylococcus aureus and Enterobacter aerogenes in the presence of 1% serum. Apply by mop, sponge, cloth or spray on hard, nonporous surfaces to thoroughly wet surfaces for a minimum contact time of 5 minutes. Wipe dry with a clean cloth or sponge, or allow to air dry.

Do not use in food preparation, food handling and food storage areas. Do not use to sanitize glassware, dishes or utensils.

KEEP OUT OF REACH OF CHILDREN

CAUTION: See side panels for precautionary statements.

11771415
Net Contents: 1 Quart (950 mL)

To Clean and Disinfect Toilets and Urinals: Remove gusset filth from bowl. Remove or soap over the inner top residual bowl water. Use 4 ounces of product in toilet bowl or snout. Apply (leaves directly) directly around bowl and under rim, then brush or scrub thoroughly. Allow product to remain on surface for a contact time of 10 minutes, then flush toilet. This product, when used as directed, will not harm white or colored bowls or activate, hard surfaces. Close or contain container after use.

Kills HIV-1 (AIDS Virus) on Pre-Contaminated, Environmental Surfaces/OBJECTS SOILED WITH BLOOD/BODY FLUIDS in health care settings or other settings, in which there is an expected likelihood of soiling of indwelling surfaces and objects with blood or body fluids, and in which the surfaces are likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS).

Special Instructions for Cleaning and Disinfection Against HIV-1 (AIDS Virus) of Surfaces/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

Personal Protection: Clean-up must always be done wearing protective goggles, gloves, mask and eye protection.

Cleaning Procedure: Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant.

Contact Time: Effective against HIV-1 (AIDS virus) on hard, nonporous surfaces in the presence of a moderate amount of organic soil (10% blood serum) (peaking 1800 ppm) of active quaternary ammonium for a contact time of 5 minutes at room temperature (20-25°C). Use a 10 minute contact time for disinfection against all other bacteria, fungi and viruses claimed.

Disposal of Infectious Materials: Blood and other body fluids must be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

Storage and Disposal for Household/Residential use only.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage:
Open dumping is prohibited. Store in original container in areas inaccessible to children.

Pesticide Disposal:
Pesticides are acutely hazardous. Improper disposal of excess pesticide, spray mixture or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal:
Nonrefillable container. Do not reuse or re-fill this container. Triple rinse or equivalent. Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
