**Swimming Pool Algae Preventative**

This product is formulated to complement swimming pool water being treated with the BioGuard SoftSwim System. It is effective against the growth of algae. The wetting agent in this product allows it to penetrate small crevices where algae is likely to form. This product is efficient and non-staining when used as directed. This product will not evaporate and its algae fighting ability actually increases as pool water temperature increases. The residual effectiveness of this product tends to stabilize the total chemical treatment system. This product may foam and therefore should not be used for spa treatment or in pools with attached spas or jetted returns.

**Directions for Use:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

Ensure all pool equipment is working properly. Backwash the filter system following manufacturer's directions. Adjust pH to between 7.2-7.6. Check for metals and if present add a stain and scale inhibitor to prevent staining of pool surface due to metals. When using other products as outlined in directions for this product, always follow directions on those products. Wait at least 15 minutes after application before entering pool.

**For an Initial Application or When Pool Water Is Changed:** Pour 32 fluid ounces (4 ppm) directly into pool per 25,000 gallons of water.

**For Routine Maintenance:**

- For weekly application intervals, use 1 fluid ounce per 5,000 gallons of water (0.6 ppm).
- For two week application intervals, use 2 fluid ounces per 5,000 gallons of water (1 ppm) every other week.

Following heavy rain showers, add an additional 1 fluid ounce per 5,000 gallons.

**To Determine Pool Capacity:**

- Rectangular Pools: Length x width x average depth (in feet) x 7.5 equals gallons. Round and Oval Pools: Length x diameter x depth x average depth (in feet) x 5.9 equals gallons.

**Storage and Disposal:** Keep this product in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. CONTAINER DISPOSAL: Do not reuse container, but place in trash collection. Rinse thoroughly before discarding in trash.

**Precautionary Statements**

**Hazards to Humans and Domestic Animals:**

- **Danger:** Corrosive. Causes irreversible eye damage and skin burns. May be fatal if swallowed, absorbed through skin, or inhaled. Do not get in eyes, on skin, or on clothing. Do not breathe vapor or spray mist. Wear protective eyewear (goggles, face shield, or safety glasses), protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse.

**Physical or Chemical Hazards:** Do not mix with other chemicals.

**Environmental Hazards:** This product is toxic to fish and aquatic organisms.

**Note:** Buyer assumes all responsibility for safety and use not in accordance with directions.

**Patent Formula**

**Net Contents:** 1 Quart (946 ml)
