**INDUSTRIAL FRESH WATER SYSTEMS:** This product is used to control the growth of algae, bacteria and funghi in industrial fresh water systems such as cooling systems; and to inhibit the growth of bacteria that cause degradation of cutting fluids. This product is used to control the growth of algae, funghi and bacteria in industrial fresh water systems; control bacteria in industrial water cooling systems; and to inhibit the growth of bacteria that cause degradation of cutting fluids.

**STORAGE:** This product shall be stored in accordance with the National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has notified the manufacturer that this product is being stored. When stored in accordance with the NPDES permit and the permitting authority, regular treatment periods of several hours each day will provide adequate control of the microorganisms. 

**WATER TREATMENT SYSTEMS:** This product is used to control bacteria in industrial water treatment systems that are employed to control the growth of algae, funghi and bacteria in industrial water treatment systems.

**DECORATIVE FOUNTAINS:** This product is used to control the growth of algae in decorative fountains that do not contain fish. It is also used to control the growth of algae in ponds, lakes, and streams.

**MOLLUSK CONTROL:** This product is used to control the growth of mollusks such as Corbicula and Dreissena in potable water treatment systems.

**HIPHOPLYTIC FOUNTAINS:** This product is used to maintain control of algae and mosquitos in potable water treatment systems.

**MACHINING FLUIDS:** This product is employed for the inhibition of bacterial degradation of aqueous solutions or emulsions of the cutting fluids or oils employed as lubricants or coolants in the machining and cutting operations.

**HEAT TREATMENT:** This product is used to maintain control. This product is used to control algae and mollusks such as Corbicula and Dreissena in potable water treatment systems.

**MACHINABILITY:** This product is used to maintain control. This product is used to control algae and mollusks such as Corbicula and Dreissena in potable water treatment systems.

**STORAGE AND DISPOSAL:** Storage and disposal of this product must be in accordance with the Federal Water Pollution Control Act (Clean Water Act) and all other Federal, State, and local regulations.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

For Residential Use:

This product contains: 35% BUSAN 77.

**INERT INGREDIENT:** poly[oxoyethylene(dimethyloxyethylether))dimethyloxyethylether). Its concentration is 60.0%.

**ACTIVE INGREDIENT:** BUSAN 77.

**TOTAL:** 100.0%

**KEEP OUT OF REACH OF CHILDREN**

**FIRST AID**

**If Swallowed**

- By mouth: Call a poison control center or doctor immediately for treatment advice. 
- Have the product or label with you.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**If on Skin, Eyes, or Clothing**

- Wash exposed skin with soap and water. Change clothes if they are contaminated.
- Wash contaminated clothing with soap and water before reuse.
- Remove and wash contaminated clothing before reuse. 
- Remove and wash contaminated clothing before reuse. 
- Wash exposed skin with soap and water. Change clothes if they are contaminated.
- Wash contaminated clothing with soap and water before reuse.

**FIRST AID FOR SKIN AND EYE INJURIES:**

**If In Eyes**

- Do not rub eyes. If eyes are irritated, flush with water for 15 minutes. 
- If eye irritation persists, seek medical attention.

**If In Skin**

- Wash exposed skin with soap and water. Change clothes if they are contaminated.
- Wash contaminated clothing with soap and water before reuse.

**FIRST AID FOR INHALATION OF MIST OR FUME:**

- Remove person to fresh air. If breathing has stopped, begin artificial respiration immediately. 
- If breathing has not stopped, seek medical attention immediately.

**PRECAUTIONARY STATEMENTS**

**USER SAFETY RECOMMENDATIONS**

- Wear protective gloves and eye protection when handling this product. 
- Wash thoroughly and put on clean clothing after handling. 
- Clean exposed skin and clothing with soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet. 
- Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. 
- Keep container closed when not in use.

**STORAGE AND DISPOSAL**

- Do not contaminate water, food, or feed by storage or disposal. Do not ship with Food, Drugs, or Clothing.

**PRODUCTS CONTROLLED UNDER THE NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES):**

- This product is controlled under the NPDES permit and the permitting authority has notified the manufacturer that this product is being stored. When stored in accordance with the NPDES permit and the permitting authority, regular treatment periods of several hours each day will provide adequate control of the microorganisms.

**PESTICIDE DISPOSAL:** 

- Pesticide wastes may be hazardous. Improper disposal of excess pesticides, spray mists, or waste is a violation of Federal, State, or local regulations. In case of spills or leaks, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**SAFE HANDLING INSTRUCTIONS**

**PERSONAL PROTECTIVE EQUIPMENT (PPE):**

- Eyes: Use splash resistant eyewear. 
- Mouth: Use a respirator with an appropriate filter. 
- Hands: Use impervious gloves made of any waterproof material (such as Butyl Rubber, Nitrile Rubber, Neoprene Rubber, Natural Rubber, Fluoroelastomer, or Chlorosulfonated Polyethylene). 

**SPECIAL PRECAUTIONS:**

- Keep product container in original or reconditioned (by reconditioning, if appropriate, or by other procedures approved by state and local authorities. 

**Manufactured by:** Buckman Laboratories, Inc.
1256 N. McIlan Blvd., Memphis, Tennessee 38138, U.S.A.
