Sanitizer For Swimming Pools

KEPT OUT OF REACH OF CHILDREN DANGER
See back panel for additional precautionary statements.

FIRST AID IF IN EYES: Rinse with water for 15 minutes. If pain or irritation persists, call a poison control center or doctor for treatment advice. If on skin or clothing, remove contaminated clothing. Wash skin with soap and water. If inhaled, get fresh air. If breathing is difficult, give artificial respiration. Call a poison control center or doctor for treatment advice. Do not induce vomiting.

KEEP OUT OF REACH OF CHILDREN DANGER
See back panel for additional precautionary statements.

SWIMMING POOL SANITIZER
This product, when used as directed, is effective as a swimming pool water sanitizer and disinfectant.

DIRECTIONS FOR USE: It is not necessary to use this product in a manner inconsistent with its labeling. Wash hands after using label and use as directed in accordance with precautionary statements and directions.

Ensure all pool equipment is working properly. Check or backwash the filter according to manufacturer’s directions. Adjust pH to between 7.2-7.6. When using other products as directed in directions for this product, always follow directions on those products.

A bromine or chlorine residual of 1-2 ppm must be established in the pool. If the residual is established with this product in a brominator, use the brominator at the highest feed rate following manufacturer’s recommendations. When the bromine residual reaches 1-2 ppm, adjust the feed rate to maintain a constant treatment level of 1-3 ppm in residential pools and 3-5 ppm in commercial pools. Regular use of a test kit or test strips is necessary to maintain a bromine residual in the pool water.

Re-entry into treated swimming pools is prohibited above levels of 0.1 ppm bromine due to risk of bodily injury.

STORAGE AND DISPOSAL: Keep product dry in original tightly closed container when not in use. Store in cool, dry, well-ventilated and away from heat or open flame. Do not contaminate food or feed by storage or disposal. CONTAINER DISPOSAL: Non-refillable container. Disposal must comply with federal, state, and local laws. Do not store container. Do not incinerate container. Do not store near heat, fire, or flame. Do not store in direct sunlight. Do not reuse container. Do not contaminate water, soil, or air with raw material or waste.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

DANGER: Sulfuric acid. Causes irritation of skin and eyes. Harmful if swallowed, inhaled or absorbed through the skin. Keep container closed. Do not handle container with bare hands. Wear protective clothing and safety glasses when handling this product.

PHYSICAL OR CHEMICAL HAZARD: STRONG STAINING AGENT: Do not mix with other chemicals. Mix only with water, rinse and add water directly to pool. Always add product to large quantities of water. When using automatic feeding devices, always follow manufacturer’s directions. Use clean dry equipment. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not re- use container. If possible, include container in open air or well-ventilated area. Flood area with large volumes of water.

ENVIRONMENTAL HAZARD: This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, wells, septic systems, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit. The permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

NOTE: Buyer assumes all responsibility for safety and use in accordance with directions. Each unit weighs approximately 20 pounds.
