PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed.
Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.
Wear protective clothing such as a long-sleeved shirt, long pants, chemical-resistant gloves
made of any waterproof material, and shoes and socks when applying this product.

USER SAFETY RECOMMENDATIONS

Users Should:
• Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
• Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on
  clean clothing.
• Remove PPE immediately after handling this product. Wash the outside of gloves before
  removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID

IN THE EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes.
Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call
a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice.
Have person sip a glass of water if able to swallow. Do not induce vomiting unless told
to do so by a Poison Control Center or doctor. Do not give anything by mouth to an
unconscious person. Have the product container or label with you when calling a Poison
Control Center or doctor, or going for treatment. You may also contact 1-888-355-7373
for emergency medical treatment information.

Stump Killer

This Product is For Outdoor Residential Use Only
For the control of woody plants, vines and broadleaf weeds around
homes, cabins, fences, walkways, and other non-crop areas.

Ready To Use
KEEP OUT OF REACH OF CHILDREN
CAUTION

ACTIVE INGREDIENTS:
Triclopyr (3,5,6-Trichloro-2-Pyridyl)glyoxylic acid, as the Triclopyr salt .......... 88%
OTHER INGREDIENTS: .................................................................................. 12%
TOTAL: ........................................................................................................ 100.00%
Contains 8.8% Triclopyr acid - 10.6% Formulation

Net Contents: One Pint (16 FL. OZS.)
ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate.

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination.

Notice: Read the entire label. Use only according to label directions. Before using this product, read Warranty Disclaimer, Inherent Risks of Use, and Limitation of Remedies at the end of label booklet. If terms are unacceptable, return at once unopened.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read all Directions For Use carefully before applying.

GENERAL INFORMATION

fertilome® BRUSH KILLER STUMP KILLER is recommended for the control of unwanted Woody Plants, Vines and Broadleaf Weeds around homes, cabins, fences, walkways, and other non-crop areas.

GENERAL USE PRECAUTIONS AND RESTRICTIONS

• Do not use on or around edible food or food crops.
• Avoid contact with eyes or clothing during and after application.
• Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.
• Entry Restrictions: Do not enter or allow others to enter the treated area until sprays have dried.
• Do not spray when the wind is blowing toward desirable Plants.
• Do not apply this product directly to, or allow to drift to, Grapes, Vegetable Crops, Flowers, Ornamentals, or other desirable foliage. Applications should be made when wind is low and there is little chance of spray drift.
• Do not apply with nozzles that produce a fine-droplet spray.
• Measuring utensils and spray equipment should not be reused for purposes other than herbicide application.

APPLICATION METHODS
For best results, apply as a full coverage foliar spray when Brush and Weeds are fully leafed out and actively growing. Wilting or other symptoms will occur in 1 to 6 weeks. Apply only when the air is calm to prevent drift to desirable vegetation. Rainfall within 24 hours may reduce effectiveness.

FOLIAGE SPRAY
Using a hose-end or tank sprayer, mix 8 to 16 tablespoons (4 to 8 fl. oz.) in enough water to make one gallon mixed spray. For mature or hard-to-control Plants (such as Ash, Blackgum, Choke Cherry, Elm, Maple, Oak, Pine, or Winged Elm), or during drought conditions, use the highest rate of application indicated. Resprouting may occur in the year following treatment when lower rates are used. The addition of a surfactant (spreader/sticker) enhances herbicidal action and improved distribution of the spray on hard-to-wet Plant surfaces. Apply at the rate of one gallon mixed spray to approximately 500 sq. ft. of area. Coverage may vary depending on the amount of foliage to be treated. Using coarse spray pattern and low pressure, apply as thorough foliage spray to wet all leaves. See General Use Precautions and Restrictions.

STUMP TREATMENT
To kill Stumps and prevent sprouting, apply the undiluted product with a paint brush or
backpack sprayer to completely cover the freshly cut surface. Do not reuse paint brush. Wrap in several layers of newspaper and discard in trash.

**VINE CONTROL**

When treating Vines such as Poison Oak, Poison Ivy, etc. that grow on or around desirable Plants, do not allow spray to contact desirable vegetation. Cut the Vine first and treat as directed for Stump treatment.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage:** Store product in original container and keep out of reach of children. Store in a cool, dry place. Avoid contamination of food and foodstuffs.

**Container Reuse:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available.

**TERMS AND CONDITIONS OF USE**

If terms of the following Warranty Disclaimer, Inherent Risks of Use, and Limitation of Remedies are not acceptable, return unopened package at once to the Seller for full refund of purchase price paid. Otherwise, use by the Buyer or any other User constitutes acceptance of the terms under Warranty Disclaimer, Inherent Risks of Use and Limitations of Remedies.

**WARRANTY DISCLAIMER**

Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. **SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR**
FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED
WARRANTY.

INHERENT RISKS OF USE

It is impossible to eliminate all risks associated with use of this product. Plant injury,
lack of performance, or other unintended consequences may result because of such
tasks as use of the product contrary to label instructions (including conditions
noted on the label, such as unfavorable temperature, soil conditions, etc.), abnormal
conditions (such as excessive rainfall, drought, tornadoes, hurricanes), presence of
other materials, the manner of application, or other factors, all of which are beyond
the control of Seller. All such risks shall be assumed by Buyer.

LIMITATIONS OF REMEDIES

The exclusive remedy for losses or damages resulting from this product (including
claims based on contract, negligence, strict liability, or other legal theories), shall be
limited to, at Seller's election, one of the following:

1. Refund of purchase price paid by Buyer or User for product bought, or
2. Replacement of amount of product used.

Seller shall not be liable for losses or damages resulting from handling or use of this
product unless Seller is promptly notified of such loss or damage in writing. In no
case shall Seller be liable for consequential or incidental damages or losses.

The terms of the Warranty Disclaimer, Terms and Conditions of Use, and this Limita-
tion of Remedies cannot be varied by any written or verbal statements or agree-
ments. No employee or sales agent of the Seller or the Seller is authorized to vary
or exceed the terms of the Warranty Disclaimer or this Limitation of Remedies in
any manner.
