DIRECTIONS FOR USE
SHAKE WELL BEFORE USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Enforcer Flea Spray for Homes kills fleas and ticks, and contains a unique combination of ingredients that kills adult fleas, as well as flea eggs and larvae. One of these ingredients, FGR®️, kills fleas by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, rugs, drapes, upholstered furniture, pet bedding, and floor cracks. This product ultimately protects your home from reinestation while protecting your family and your pets from bites. A treatment with this spray can provide continuous flea protection for up to 310 days (7 months), and leaves no objectionable odor or sticky mess. When used as directed, this product will not stain furnishings or carpeting.

**FLEAS:** Adjust spray nozzle to create a fine spray. Treat all carpeted areas and all baseboards of hard-surfaced floors. Evenly apply a fine mist or spray to carpets, rugs, drapes, and all surfaces of upholstered furniture by using a wide, sweeping motion. Also spray floors underneath furniture, sofas, chairs, and beds. Do not saturate surfaces. Treat pet bedding, a primary hiding place for fleas. Retreat as necessary. **DO NOT SPRAY HUMANS OR PETS WITH THIS PRODUCT.** Use an Enforcer product registered for flea control on pets in conjunction with this treatment. Do not re-enter treated areas until completely dry.

The flea pupae (cocoon) stage is not affected by this product because the cocoon is very difficult to penetrate. Repeat treatments and daily vacuuming may be necessary to kill fleas newly emerged from the pupae stage.

Use in homes, garages, attics, apartments, and hotels. One container will treat approximately 1,595 square feet (or eleven rooms measuring 10' x 14 1/2').

To kill other crawling bugs (such as ticks, ants, spiders, roaches, carpet beetles, and silverfish) spray directly on pests.

**Storage and Disposal**

**Storage:** Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat, flames, and other sources of ignition.

**Disposal:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals

**CAUTION:** Harmful if inhaled or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Do not contaminate food or foodstuffs. Do not use in commercial food processing, preparation, food storage or serving areas. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash before use. Cover or remove exposed food. Remove pets, birds, and cover fish aquariums before spraying.

**First Aid**

If Swallowed: Immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. **If on Skin or Clothing:** Take off contaminated clothing. Immediately rinse skin with plenty of water for 15 - 20. Call poison control center or doctor for treatment advice. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**Environmental Hazards**

This product is extremely toxic to fish. Do not apply to water. Do not contaminate water by cleaning of equipment or disposal of wastes.
