PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS:
Causes eye irritation, harmful if swallowed. Do not get in eyes or on clothing. Avoid contact with skin. Wash hands thoroughly with soap and warm water after handling. Keep out of reach of children. Do not contaminate food or feed.

HAZARDS TO DOMESTIC ANIMALS:
For external use only. Do not use on kittens under eight weeks of age. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing animals. Individual sensitivities, while rare, may occur after using any pesticide product for pets. If signs persist, or become more severe, consult a veterinarian immediately. If your animal is on medication, consult your veterinarian before using this or any other product. For consumer questions call 1-800-255-6836. For medical emergencies call 1-800-423-4661.

FIRST AID:
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

In eyes:
Hold eyes open and rinse slowly and gently with water for 15-20 minutes.

In mouth:
Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed:
Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing:
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

To Physician: Treat the patient symptomatically.

**DIRECTIONS FOR USE**

1. Use only on cats. Do not use on other animals.
2. Remove one applicator tube from the package.
3. Hold applicator tube in an upright position.
4. Pull cap off tube.
5. Turn the cap around and place other end of cap back on tube.
6. Twist cap to break seal, then remove cap from tube.

For the first time, install the tube within the skull until the tip is visible. Place the tip of the tube on the skin and squeeze the tube to expel the entire contents of the tube directly on the skin.

Do not part hair or use your fingers to open the tube. The product is bitter-tasting and will cause the cat to lick the product immediately after treatment.

Treatment at the base of the skull will minimize the opportunity for the cat to lick the product.

**WARNING**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS:** Causes eye irritation. Harmful if swallowed. Do not get in eyes or on clothing. Avoid contact with skin. Wash hands thoroughly with soap and warm water after handling. Keep out of reach of children. Do not contaminate feed or food.

**HAZARDS TO DOMESTIC ANIMALS**

For external use only. Do not use on kittens under eight weeks of age. As with any product, consult your veterinarian before using this product on dehydrated, aged, pregnant or nursing animals. Individual sensitivities, while rare, may occur after using any pesticide product for pets. If signs persist, or become more severe, consult a veterinarian immediately. If your animal is on medication, consult your veterinarian before using this or any other product.

Per consumer questions call 1-800-255-4826.

For medical emergencies call 1-800-222-9979.

**FIRST AID**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advice. If swallowed: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control center or doctor for treatment advice.

**To Physician:** Treat the patient symptomatically.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**HOW TO APPLY**

1. Use only on cats. Do not use on other animals.
2. Remove one applicator tube from the package.
4. Turn the cap around and place either end of cap back on tube.
5. Twist cap to seal break, then remove cap from tube.
6. Part the hair on the neck at the base of the skull until the skin is visible. Place the tip of the tube on the skin and squeeze the tube to expel the entire contents of the tube directly on the skin. Do not get this product in your pet’s eyes or mouth. The product is bitter tasting and may occur for a short time if the cat licks the product immediately after treatment. Treatment at the base of the skull will minimize the opportunity for the cat to lick the product. Discard empty tube as described in Storage and Disposal.

In case of severe flea infestation, retreatment may be necessary earlier than four weeks. Do not retreat more often than once every seven days. After flea control is attained, return to a monthly retreatment schedule.

**GENERAL INFORMATION**

The success of the fleas on pets may decrease or become more severe. Consult a veterinarian immediately if any animal is on medication, consult your veterinarian before using this or any other product. Per consumer questions call 1-800-255-4826.

For medical emergencies call 1-800-222-9979.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry place.

Disposal: Non-refillable container.

If empty: Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-222-9979 for disposal instructions.

Never place unused product down any indoor or outdoor drain.
