PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS & DOMESTIC ANIMALS
CAUTION: Not for use on humans. Harmful if swallowed, inhaled, or absorbed through skin. Avoid handacting spray mist. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

HAZARDS TO DOMESTIC ANIMALS: External use only. Do not use on animals under three months of age or on sick, old, dehydrated or undated dogs. Do Not Use On Cats. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

KILLS AND REPELS: Fleas, ticks, flies, mosquitoes, gnats, chiggers and lice.

FIRST AID:

IF SWALLOWED:
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

IF INHALED:
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

IF IN EYES:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

IF ON SKIN:
- Take off contaminated clothing.
- Wash skin immediately with plenty of water for 15-30 minutes.
- Call a poison control center or doctor for further treatment advice.

Keep the product container or label with you when calling a poison control center or doctor, or going for treatment.

ENVIRONMENTAL HAZARDS
This product is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

EPA REG. No. 270-294
EPA Est. No. 2724-TX-1

STORAGE & DISPOSAL
Do not contaminate water, food, or feed by storage or disposal. Pesticide Storage: Store in a cool, dry place. Do not store near heat or open flame. Store pesticides away from food, pet food, feed, seed, fertilizers, and veterinary supplies.

Container Handling: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling, if available. If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PHYSICAL AND CHEMICAL HAZARDS
Do not use this product on or near electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FLEAS AND TICKS ON DOGS:
Start spraying at the animal's head, avoiding the eyes and mouth as you spray. Make sure the animal's entire body is covered including the legs, under body and tail. While spraying, first the hair so that the spray will penetrate to the skin. Make sure spray is worn thoroughly. Avoid contact with skin. Repeat every day.

Do not use on puppies under three months of age. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant, or nursing animals. DO NOT USE ON CATS. Sensitization may occur after using any pesticide product for pets. If signs of sensitivity occur, bathe your dog with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

PET AREAS:
To control Fleas and Brown Dog Ticks on premises: thoroughly spray infested areas, pet beds, resting areas, gear by cracks and crevices, along and behind headboards, moldings, window and door frames, and local areas of floor and floor covering. Float bedding should be placed in animal's quarters following treatment. Concurrent treatment of animals is recommended. Repeat every day.

TO KILL AND REPEL FLYING INSECTS IN ANIMAL QUARTERS:
Spray in areas where insects congregate. Direct spray to contact insects for rapid knockdown and kill. Spray around outside of door frames and screens to render area unattractive to insects. This helps to repel insects and prevent entrance into building.

KEEP OUT OF REACH OF CHILDREN
CAUTION
See back panel for additional precautionary statements.
