SPREADER/STICKER AND DEPOSITION AID
PRINCIPAL FUNCTIONING AGENTS:
Polyoxyethylene fatty acid ester, Diallyldimethyl ammonium
polyalkylmethylene sulinate...64.0%
CONSTITUENTS INEFFECTIVE AS SPRAY
ADJUVANT................................................. 36.0%
TOTAL..................................................... 100.0%
Protected by U.S. Patent 5,184,179

KEEP OUT OF REACH OF CHILDREN
DANGER
Corrosive. Causes irreversible eye damage.
Do not get in eyes or on clothing.
SEE INSIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

WSN: 100170503 NET CONTENTS:
CA Reg No: 5955-50082-AA

MANUFACTURED FOR
HELENA CHEMICAL COMPANY
228 SCHILLING BOULEVARD, SUITE 300
COLLIERVILLE, TN 38017

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER
BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.
Corrosive. Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wear covers oversized long-sleeved shirt and long pants, respirator, protective eyewear (goggles or face shield), chemical-resistant gloves, chemical-resistant footwear and socks. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID:
IF INHALED:
• Move person to fresh air.
• If not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth, if possible.
• Call a poison control center or doctor immediately for treatment advice.

IF SWALLOWED:
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth to an unconscious or convulsing person.

IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-424-9300 for emergency medical treatment information.

STORAGE AND DISPOSAL
DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.
STORAGE: Store in original container only. Keep container tightly closed. Do not allow water to be introduced into the container. Do not store near heat or open flame. Do not store with oxidizing agents.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be dispersed on or at an approved waste disposal facility. Do not contaminate waster sources by runoff from cleaning of equipment, disposal of equipment washwaters, or spray waste.
CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. Do not incinerate sprayer parts or containers. For help in chemical emergencies involving spill, leak, fire or exposure, call toll free 1-800-424-9300.

GENERAL INFORMATION
HYPER-ACTIVE® is a spray adjuvant designed to specifically enhance the activity of insecticides, fungicides, and miticides by improving the deposition, retention, and wetting of spray application mixtures that contain them. These spray coverage and deposition improvements are applicable to both plant and pest surfaces. When used at recommended rates, HYPER-ACTIVE® can positively affect pesticide spray application and pesticide efficacy. Optimum application effects, however, can be influenced by the crop, pest, spray equipment, spray volume, pressure, droplet size, spray mixture, and environmental factors. Consequently, it is recommended that careful observations of the spray deposit be made and adjuvant concentration adjusted accordingly. Not for aquatic use.

DIRECTIONS FOR USE
FOR USE WITH INSECTICIDES, FUNGICIDES AND MITICIDES REGISTERED FOR: AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, ORNAMENTAL, RIGHTS-OF-WAY, TURF, NON-CROPLAND, AND OTHER USES. NOT FOR AQUATIC USE.
In all applications of HYPER-ACTIVE®, read and follow directions on the pesticide(s) label as to procedures, dosage rates, timing of applications, and restrictions for the crop on which the pesticide is to be applied. HYPER-ACTIVE® can increase the activity of some pesticides.
The addition of an adjuvant to some pesticides or pesticide tank mix combinations may cause phytotoxicity to the foliage and/or fruit of susceptible crops. Prior to the addition of HYPER-ACTIVE® to spray mixtures, the user or application advisor must have experience with the combination or must have conducted a phytotoxicity trial or must take the recommendations from the label of products to be tank mixed. The use of test areas is recommended when applying during periods of high humidity or high temperature or to other situations where field experience is limited.
HYPER-ACTIVE® may be applied by ground, Controlled Droplet Applicators (CDA), or aerial spray equipment. For all applications, use enough HYPER-ACTIVE® to allow for uniform wetting and deposition of the spray onto field surfaces without undue runoff.
GROUND (Dilute & Concentrate), AERIAL, CDA: Use 1 to 2 pints per 100 gallons of spray (0.125-0.25% v/v).
NOTE: The above use recommendations are considered to be adequate for most uses. Some fungicides, insecticides, and miticides, however, may recommend or require higher or lower rates for optimum effect. Follow the pesticide label directions when this occurs.

MIXING
Prior to any pesticide application, all spray mixing and equipment should be thoroughly cleaned. Carefully observe all cleaning directions on the pesticide label. 1. Fill spray tank one-half full with water and begin agitation. 2. Add pesticides and/or fertilizers as directed by manufacturer's label or in the following sequence:
A. Micronutrients and fertilizers
B. Dry flowables or water dispersible granules
C. Flowable
D. Water soluble pesticides
E. Emulsifiable concentrates
3. Continue agitation and complete filling of the spray tank.
4. Add HYPER-ACTIVE® last and continue agitation.
Do not mix HYPER-ACTIVE® with undiluted pesticides.

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES
Read the Conditions of Sale - Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions on this label are believed to be reliable and should be followed carefully. Insufficient controls of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the
SPECIMEN LABEL

directions for use subject to the factors noted above which are beyond the control of
the Company. The Company makes no other warranties or representations of any
kind, express or implied, concerning the product, including no implied warranty of
merchantability or fitness for any particular purpose, and no such warranty shall be
implied by law.

The exclusive remedy against the Company for any cause of action relating to the
handling or use of this product shall be limited to, at Helena Chemical Company's
election, one of the following:
1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used.
To the extent allowed by law, the Company shall not be liable and any and all claims
against the Company are waived for special, indirect, incidental, or consequential
damages or expense of any nature, including, but not limited to, loss of profits or
income. The Company and the seller offer this product and the buyer and user accept
it, subject to the foregoing conditions of sale and limitation of warranty, liability and
remedies.
