**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Do not discharge effluent containing this product to sewer systems without a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit. Discharge into standing water bodies may be restricted.

**DANGER:** Corrosive. Causes skin damage. May be fatal if absorbed through the skin. Do not get on skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Harmful if swallowed. Harmful if inhaled. Irritating to eyes, nose and throat. Avoid contact with eyes or mouth. Wash thoroughly with soap after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing at the first opportunity.

**PRECAUTIONARY STATEMENTS**

**EMERGENCY MEASURES**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**FIRST AID**

If on skin or clothing:
- Take off contaminated clothing.
- Rinse immediately with plenty of water for 15-20 minutes. 
- Call a poison control center or doctor for treatment advice.

If in eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then rinse slowly and gently with water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If swallowed:
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

If inhaled:
- Remove from exposure to air. Get person into fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

If inhaled:
- Call a poison control center or doctor immediately for treatment advice.
- Have a person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**NOTE TO PHYSICIAN**

Possible mucosal damage may contaminate the use of gastric lavage.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:** Corrosive. Causes skin damage. May be fatal if absorbed through the skin. Do not get on skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Harmful if swallowed. Harmful if inhaled. Irritating to eyes, nose and throat. Avoid contact with eyes or mouth. Wash thoroughly with soap after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing at the first opportunity.

**ENVIRONMENTAL HAZARDS**

The pesticide is toxic to mammals, birds, fish, and aquatic invertebrates. Do not discharge effluent containing the product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit. Discharge into standing water bodies may be restricted.

Metam-sodium cannot be formulated into end-use products labeled for pre-printed or pre- transplant uses unless the end-use registrant makes available to certified applicators who are authorized to use the end-use registered product for these uses, a complete training program approved by EPA. The training program must provide information on (1) how to correctly apply the fungicide, including how to dispose of unuseable product; (2) how to dispose of contaminated equipment; (3) how to dispose of waste and bystanders; (4) how to determine buffer zone distances; (4) how to complete a FMP and the post-application summary; (5) how to determine the other site-specific factors are not favorable for fungicide application; (6) how to comply with required GAAP; and (7) how to develop and implement emergency response plans. The registrant developed training program must be made available at least annually to the certified applicators. The end-use registrant must be able to provide, upon request, the names, addresses, and certified applicator license and/or certification number of each person who successfully completes the registrant developed training program.

**TOTAL: 110.0%**

**NOTE:** This product should be used only by trained applicators who are aware of the hazards of the product and who have read and understood the material safety data sheet and the label instructions. This product is poisonous. Do not expose to children, pets, or livestock. Do not store with food or animal feed. Do not contaminate water, food or feed by improper disposal of this container or used material. When disposing of this product, do not contaminate water, food or feed by improper disposal of this container or used material.

**PRODUCT USE INFORMATION**

For Product Use Information phone: AMVAC........................1-888-462-6822

For Transportation Emergencies, including explosions, releases, or spills, call AMVAC Chemical Corporation 24 hours a day.

FOR THE FOLLOWING EMERGENCIES, PHONE 24 HOURS A DAY:

- Explosions or releases
- Spills or releases
- Fires
- Chemical hazards

Have the product container or label with you when calling a poison control center or doctor.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

State Water Board or Regional Office of the EPA.

This pesticide is toxic to mammals, birds, fish, and aquatic invertebrates. Do not discharge
and wash contaminated clothing before reuse.

Wear coveralls over long-sleeved shirt and long pants, socks, chemical resistant footwear, and
reactions in some individuals. Harmful if swallowed. Harmful if inhaled. Irritating to eyes,

DANGER:

If swallowed:

• Do not vomit.
• Do not give anything by mouth to an unconscious person.

If inhaled:

• Remove person to fresh air.
• Give 2-3 minutes of artificial respiration, preferably mouth-to-mouth if possible.
• Hold eye open and rinse slowly and gently with water for 15-20
• Irritating to eyes, caused by tear-like fluid produced by eyes. Causes skin damage. May be fatal if absorbed through the skin. Do
crop damage. Do not reuse this container for any other purpose. To clean the container before
or doctor.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place. Keep container closed when not in

NOTE TO PHYSICIAN

Possible mucosal damage may contaminate the usefulness of gastric lavage.

PRECAUTIONARY STATEMENTS

These products are toxic to mammals, birds, fish, and aquatic invertebrates. Do not discharge
affected through the skin. Do not inhale dust, fumes, mists, or spray mist. Wash thoroughly with soap
after handling and before eating, drinking, chewing gum, or using tobacco. Remove.

ENVIRONMENTAL HAZARDS

This product is toxic to mammals, birds, fish, and aquatic invertebrates. Do not discharge
contaminated with the product to lakes, streams, ponds, ditches, drains, or other waters
unless in accordance with the requirements of a National Pollutant Discharge Elimination System
(NPDES) permit or other applicable state or federal authority. For guidance, contact your State
Water Board or Regional Office of the EPA.

DANGER: Causes skin damage. May be fatal if absorbed through the skin. Causes respiratory
irritation. Causes skin damage. Causes respiratory irritation. Scalding. May be fatal if absorbed
through the skin. May be fatal if inhaled. Avoid contact with eyes, skin, and clothing. May be fatal
if exposed through the skin. May be fatal if absorbed through the skin. Should not be disposed of
by incineration or other means that may cause smoke or unpleasant odor. Not for use in or
around water bodies commonly used for swimming or fishing. Not for use near
water wells or septic systems.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Formulator’s using this product are responsible for obtaining EPA registrations for their
formulated product which may be labeled for the use patterns as shown on this label. Only
formulators may formulate into a fumigant for the following uses:

Fungitox® Fumigant

Buffer Zone sign must meet the following standards:

• Signs must remain legible during the entire posting period, and must meet the
standard guidelines outlined in the WPIS for sign size, test size, and liability (see law 40 CFR §701.120).

Contents of Sign

• “DO NOT ENTER ENTRE”
• “Metasodium [Name of Product] Fumigant BUFFER ZONE.”
• “Space for contact information for the certified applicator in charge of the fumigation.”

This product may be used to formulate products for specific use only (as listed on the MUP label)
if the formulator, user group, or grower has complied with U.S. EPA submission requirements
regarding support of such use(s).

LIMITED WARRANTY AND DISCLAIMER

The manufacturer warrants (a) this product conforms to the chemical description on the
label; (b) that this product is reasonably fit for the purposes it was forth in the directions
for use, subject to the inherent risks referred to therein, when it is used in accordance
with these directions; and (c) that the directions, warnings, and other statements on this label
are based upon responsible experts’ evaluations of reasonable tests of efficacy or applicability
to laboratory animals and to plants and nectodes on fox slugs, and upon reports of field
experience. Tests have not been made on all varieties of fox slugs and plants, or in all
states or under all conditions.

THERE ARE NO EXPRESS WARRANTIES OTHER THAN THOSE SET FORTH HEREIN TO THE
EXTENT CONSENT TO APPLICABLE LAW THE MANUFACTURER NEITHER MAKES
NOR INTENDS, NOR DOES IT AUTHORIZE ANY AGENT OR REPRESENTATIVE,
TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, AND IT EXPRESSLY
EXCLUDES AND DISCLAIMS TO THE EXTENT CONSENT TO APPLICABLE LAW ALL IMPLIED
WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR
PURPOSE, OR ANY WARRANTY OF QUALITY OR PERFORMANCE. THIS WARRANTY
DOES NOT EXTEND TO TERMINATED COMMODITIES, AND ALL LOSS OR DAMAGE
RESULT FROM THE USE OF THIS PRODUCT IN ANY MANNER WHICH IS INCONSISTENT WITH THE LABEL
DIRECTIONS, WARNINGS OR CAUTIONS.

TO THE EXTENT CONSENT TO APPLICABLE LAW, BUYER’S EXCLUSIVE REMEDY
IS: (a) the remedy of replacing or returning the fumigant equipment or materials; (b)
claims, losses, damages, or injuries resulting from the use or handling of this product,
without regard to the cause or cause or causes of the damage or loss;
(c) that the end-use registrant or manufacturer bears the sole responsibility for
any loss, damage, or injury resulting from the use of this product.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Formulator’s using this product are responsible for obtaining EPA registrations for their formulated product which may be labeled for the use patterns as found on this label. Only a registered end-use product is labeled to be used in accordance with the directions, warnings, and other statements on the label, (b) that this product is reasonably fit for the purposes set forth in the directions for use, subject to the inherent risks referred to therein, when it is used in accordance with such directions; and (c) that the directions, warnings, and other statements on the label are based upon responsible experts’ evaluations of reasonable tests of effectiveness, or apply to laboratory animals and to plants and foods on field crops, and upon reports of field experience. Tests have not been made on all varieties of food crops and plants, or in all states or under all conditions.

There are no express warranties other than those set forth herein. To the extent consistent with applicable law, the manufacturer neither makes nor intends, nor does it authorize any agent or representative, to make any other warranties, express or implied, and it expressly and disclaims all personal injury or property damage (including death) to the extent consistent with applicable law. No implied warranties of merchantability or fitness for a particular purpose are made. The buyer agrees to indemnify and hold the manufacturer harmless from all claims, losses, damages, or injuries resulting from the use or handling of this product, whether or not based in contract, negligence, or otherwise. The manufacturer shall not be liable, at the manufacturer’s option, to replacement or, or the repayment of the purchase price for the quantity of product with respect to which damages are claimed. To the extent consistent with applicable law, manufacturer or seller shall not be liable for special, indirect or consequential damages resulting from the use of handling of this product.

AMVAC offers this product, and Buyer accepts it, subject to the foregoing Limited Warranty which may be varied only by agreement in writing signed by an authorized representative of AMVAC.

This product may be used to formulate products for specific uses only as listed on the MUP label if the formulator, user, or grower has complied with U.S. EPA substantiation requirements regarding support of such use(s).

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place. Keep container closed when not in use. Do not store below 32°F. Product crystallizes at lower temperatures. Warm or store at higher temperatures and mix regularly to redisperse crystals and assure uniform use before use.

Pesticide disposal: Pesticide wastes are toxic. Improper disposal of excess heat warns in food, feed, soil or water may be a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA regional office for guidance.

Container handling: Nonrefillable container. Do not reuse or refill this container. Offer for recycling If appropriate. Triple rinse container or equivalent promptly after emptying. Triple rinse all equipment in product residue in water and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water. Replace properly to close. Tip container on its side and roll it back and forth, assuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over its side and tip it back and forth several times. Emptise the container into application equipment or mix tank. Fill the container about 10 percent full with water. Agitate vigorously to recrystallize the water with the pump to 5/10. Pour waste into application equipment or mix tank. Repeat this mixing procedure two more times.

Refillable container. Refill this container with sodium or potassium methylthiocarbamate only. Do not reuse this container for any other purpose. To clean the container before final disposal, empty the remaining contents from this container into application equipment or mix tank. Fill the container about 10 percent full with water. Agitate vigorously to recrystallize the water with the pump to 5/10. Pour waste into application equipment or mix tank. Repeat this mixing procedure two more times.
