CAUTION

SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

Net Contents: 32 fl oz. (946 mL)

HORSE AND LIVESTOCK SPRAY: Effective, fast-acting, ready-to-use insecticide. Apply with conventional spray gun or bump. To protect cattle and flocks from black flies, horse flies, horse flies, mosquitoes and gnat, apply a light mist sufficient to wet the surface of the hair. For flies, horse flies, house flies and other flies, apply at the rate of 0.25 oz per adult animal sufficient to wet the hair thoroughly. Repeat treatment daily or as intervals necessary to give continued protection. To kill face flies, apply with a brush dipped into the spray. To kill louse and louse ticks, apply to the intermittent areas of the animal. Use a stiff brush to get the spray to the base of the hair. Repeat every 3-7 days or as required.

DOG AND CAT INDOOR INSECTICIDE USE: To kill flies and brown dog ticks on premises and in dogs, effective, fast-acting household insecticide for indoor spraying. Repeat application at 4-6-week intervals. Reduces infestation on premises and in dogs, effective, fast-acting household insecticide for indoor spraying. Repeat application at 4-6-week intervals.
