Clinafarm® EC
Emulsifiable Concentrate

For control of
Aspergillus fumigatus
contamination in
poultry hatchery
equipment

ACTIVE INGREDIENT:
Imazalil (an antifungal) 1-c(2, 4-Dichlorophenyl)-
2-(2-propenyl)phenol)-1H-imidazole

INERT INGREDIENTS

KEEP OUT OF REACH OF CHILDREN
DANGER
See back panel for additional precautions.

FIRST AID

If in Eyes • Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes. Continue rinsing eye. • Call a poison control center or doctor for further treatment advice.
If Swallowed • Call a poison control center or doctor immediately for further treatment advice.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For control of Aspergillus organisms in cleaned poultry and turkey hatchery equipment prior to introduction of the eggs. Equipment would include empty hatchery cabinets, setters, coolers, stillrooms, handling equipment, etc. CLINAFAIRM® EC will dramatically reduce the levels of infectious organisms and spores in treated areas. To make 1 gallon of 1:100 dilution, add 1.25 oz. (36 mL) of CLINAFAIRM® EC to one gallon of clean water to provide an intestinal concentration of 0.15% active ingredients. Do not use product undiluted. To assure proper efficacy, the area or equipment to be treated should be clean and closed off from outside air currents before treatment. Ventilation ducts may be treated but fans must be shut off. Fog or spray area to be treated at the rate of 1/2 fl. oz. diluted product per 100 cu. ft. (1 mL per 10 cu. ft.). Fog or spray to ensure good contact with surface areas. Do not re-enter treatment areas for two hours.

CLINAFAIRM® EC is compatible with other commonly used disinfectants such as chloride, quaternary ammonium compounds, phenol, cresols, formaldehyde, and phenolic compounds.

PHYSICAL/Chemical Hazards: Do not use or store near heat or open flame.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. STORAGE: Store at room temperature. PESTICIDE DISPOSAL: Do not contaminate water when disposing of equipment washwaters. Warning: This product may be disposed of on site or at an approved waste disposal facility. CONTAINER DISPOSAL: Triple rinse (or equivalently), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration or, if allowable by state and local authorities, by burning. If burned, stay out of smoke.
