DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. SENTRY is designed specifically for restaurants, bars, food processing plants and other food handling institutions where sanitization of food contact surfaces is of prime importance. SENTURY will sanitize previously cleaned and mixed, hard non-porous food contact surfaces such as tanks, counter tops and food processing equipment at the recommended concentration of 200 ppm. SENTURY will sanitize previously cleaned and mixed, hard non-porous food contact surfaces such as drinking glasses and eating utensils when used at the recommended concentration of 200 ppm. SENTURY is effective against Escherichia coli, Listeria monocytogenes, and Staphylococcus aureus.

SANITIZATION: Remove gross food particles and soil from all surfaces by rinsing, scraping or soaking. Wash and rinse surfaces with a good detergent and rinse with hard non-porous food contact surfaces such as drinking glasses and eating utensils for at least two minutes or for contact time specified by governing sanitary code.

GENERAL INSTRUCTIONS FOR SANITIZING UTENSILS:

1. Scrape and pre-wash utensils and glasses whenever possible.
2. Wash with a good detergent or compatible cleaner.
3. Rinse with clean water.
4. Sanitize in a solution of 1 ounce to 16 gallons of water (200 ppm). Immers all utensils for at least two minutes or for contact time specified by governing sanitary code.
5. Place sanitized utensils on a rack or drainboard to air dry.

TO SANITIZE MOBILE ITEMS SUCH AS DRINKING GLASSES, DISHES AND EATING UTENSILS, IMMERSE IN A SOLUTION OF 1 OUNCE TO 16 GALLONS OF WATER (200 PPM). IMMERSION TIME DEPENDS ON THE PORTION OF THE UTENSIL IN CONTACT WITH FOOD.
Pesticide or Environmental Control Agency or the Hazardous Waste representative of the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable Container. Do not refill or reuse this container. Triple rinse as follows: Fill container 1/4 full with water and recap. Shake for 10 seconds. Follow Pesticide Disposal instructions for minute disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure as many times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

STORAGE AND DISPOSAL
Do not contaminate water, food by feed storage, disposal or cleaning of equipment.

STORAGE: Store the product in a dry place no higher in temperature than 121°F. PESTICIDE DISPOSAL: Pesticide wastes are急性 hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of federal law. If these wastes are burned, disposed of by air deposit, or buried, notify the State Pesticide or Environmental Control Agency or the Hazardous Waste representative of the nearest EPA Regional Office for guidance.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

DANGER
Contains corrosive agents that cause severe burns. Avoid contact with skin or eyes. May cause eye damage and skin burns. Do not enter areas where pesticide is being used. Avoid contact with eyes or skin. Use protective equipment such as gloves, eye protection, and dust mask.

DANGER
Caustic: Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or in clothing. Wear protective overalls (goggles, apron, or rubber coat), rubber gloves, and protective clothing when handling. May be fatal if swallowed. Harmful absorbed through the skin. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS
This product is toxic to fish and aquatic invertebrates.
