TB-Cide Quat®
CLEANSER
DEODORIZER/DISINFECTANT
TUBERCULOCIDAL • VIRUCIDE
MILDEWSTATT (on hard inanimate surfaces)
FUNGICIDE (against pathogenic fungi)

KEEP OUT OF REACH OF CHILDREN
CAUTION
See side panels for additional precautionary statements.
U.S. Patent No. 5,444,094

TB-Cide Quat is designed specifically as a general-purpose cleaner and disinfectant for use in hospitals, nursing homes, schools, transportation terminals, office buildings, manufacturing facilities, lodging establishments, retail environments, and other areas where a ready-made solution is preferred. It is not intended for use on non-porous surfaces and should not be used on plastics or rubber. It is not recommended for use on floors, countertops, or other areas that may be subject to water damage.

ACTIVE INGREDIENTS:
- n-Alcohol (46% C10, 30% C12, 5% C11, 5% C13) 1.16% (v/v)
- n-Hexanol (48% C10, 32% C12) 1.16% (v/v)
- Dimethyl Ionized Ammonium Chloride 1.05% (v/v)
- INERT INGREDIENTS: 95.68% (v/v)

TOTAL: 100.00% (v/v)

NET CONTENTS: 32 Fl. Oz. (One Quart)/0.946 Liters

KILLS HIV-1, HIV-2 and HCV on PRE-CLEANED ENVIRONMENTAL SURFACES: OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in healthcare settings (tuberculosis, nursing homes, or other settings in which there is an expected likelihood of splashing of respiratory secretions with blood or body fluids, as in wounds or infectious sites that are likely to be soiled with blood or body fluids; can be used for TB disinfection after decontamination with chemical disinfectants, and can be used for routine disinfection of environmental surfaces in the healthcare setting)

PERSONAL PROTECTION: When handling items soiled with blood or body fluids use disposable barrier layers, such as gloves, gowns, masks, or eye protection.

DISINFECTION, DEODORIZING AND CLEANING
Removes greasy films or heavy soil and odor from applications of TB-Cide Quat. Hold sprayer 6 to 8 inches from surface to be treated. Spray until area is covered with the solution. Allow TB-Cide Quat to penetrate and let the surface to remain wet for 3 minutes. For Bloodborne Pathogens: allow surface to remain wet for HBV 1 minute and for HCV 5 minutes. No rinsing is necessary. Wipe off with a clean cloth, towel or sponge. This product will not harm your hands.

TUBERCULOCIDAL ACTIVITY (BACTERIA):
- Pseudomonas aeruginosa (ATCC 11773)
- Staphylococcus aureus (ATCC 25923)
- Enterococcus faecalis (ATCC 29212)
- Salmonella typhimurium (ATCC 10402)
- E. coli (ATCC 25922)
- Haemophilus influenzae (ATCC 10202)

ANTIBIOTIC-RESISTANT BACTERIAL ACTIVITY:
- Methicillin-resistant Staphylococcus aureus (MSSA) (ATCC 29213)
- Vancomycin-resistant Staphylococcus aureus (VRSA) (ATCC 29216)
- Vancomycin-intermediate Staphylococcus aureus (VISA) (ATCC 70008)
- Vancomycin-susceptible Staphylococcus aureus (VSSA) (ATCC 29213)

TUBERCULOCIDAL ACTIVITY:
- TB-Cide Quat is a disinfectant that inactivates and reduces the viability of Mycobacterium tuberculosis (RMS) (ATCC 27292)
- Community-Associated Methicillin-resistant Staphylococcus aureus (CA-MRSA) (ATCC 33842)
- Community-Associated Vancomycin-resistant Staphylococcus aureus (CA-VRSA) (ATCC 33841)
- Staphylococcus aureus (ATCC 29213)

PRECAUTIONARY STATEMENTS:
- WARNER S. KELLER: Do not use this product on clothing, linens, or other fabrics. This product may be hazardous to the environment, especially when used near water bodies.
- IN TREATMENT: Do not use this product on clothing, linens, or other fabrics. This product may be hazardous to the environment, especially when used near water bodies.
- CAUTION: Do not use this product on clothing, linens, or other fabrics. This product may be hazardous to the environment, especially when used near water bodies.
- IN TREATMENT: Do not use this product on clothing, linens, or other fabrics. This product may be hazardous to the environment, especially when used near water bodies.
- IN TREATMENT: Do not use this product on clothing, linens, or other fabrics. This product may be hazardous to the environment, especially when used near water bodies.

STORAGE AND DISPOSAL:
- Do not contaminate water, food, or feed by storage or disposal.
- Store in a dry place, protected from temperatures below 30°F or higher than 100°F. Do not store empty container (bottle, canisters). Wrap container and put in trash.
