ACTIVE INGREDIENT
Sodium Dichloro-S-Triazinetrione Dihydrate*..........................6.0%
INERT INGREDIENTS:..........................................................94.0%
TOTAL:.............................................................................100.0%
* Available Chlorine 3.36%
Contains no phosphates.

KEEP OUT OF REACH OF CHILDREN
CAUTION

FIRST AID
If Swallowed: Call a physician or poison control center.
Drink 1 or 2 glasses of water and induce vomiting by
touching back of throat with finger. Do not induce vomiting
or give anything by mouth to an unconscious person.
If In Eyes: Hold eyelids open and flush with gentle stream of
water for 15 minutes. Call a physician if irritation persists.
If on Skin: Wash with plenty of soap and water. Get medical
attention.

If Inhaled: Remove victim to fresh air. If not breathing, give
artificial respiration, preferably mouth to mouth.
Note to Physician: Probable mucosal damage may
contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed or absorbed through the
skin. Causes moderate eye irritation. Avoid contact with skin,
eyes or clothing. Wash thoroughly with soap and water after
handling. Prolonged or frequently repeated skin contact may
cause allergic reaction in some individuals.

PHYSICAL AND CHEMICAL HAZARDS
Oxidizing agent. Do not use in combination with soap,
detergent or other chemicals. Do not mix with ammonia.
Contamination with moisture, dirt, or organic matter may
cause chemical reaction with generation of heat, and/or
liberation of hazardous gases.

FOR EMERGENCY MEDICAL INFORMATION,
CALL 1-800-323-0026.
FOR SERVICE OR ADDITIONAL INFORMATION,
CALL 1-800-35-CLEAN (352-6626).

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by the use, storage
or disposal of this product.

STORAGE: Keep product dry in tightly closed container when
not in use. Store in a cool, dry, well-ventilated area away
from heat or open flame.

DISPOSAL: Wastes resulting from the use of this product
may be disposed of on site or at an approved waste disposal
facility.

CONTAINER DISPOSAL: Place completely empty packets and
cartons in trash collection or dispose of in a sanitary landfill
or incinerator.

DIRECTIONS FOR USE

Sanitize and wash equipment after each use with 2 parts water, 1 part 100 ppm of available chlorine.

SHAKE AND SOFT BRUSH WASHABLE CLEARING PROCEDURE

1. Rinse out from the machine. In food handler's sink, pour 1 gallon of hot water into sanitized receival container and stir by vigorous motion.
2. Rinse the interior of the machine by running through 2 gallons of bacterial water. Repeat the filling procedure until the water runs clear. Turn the machine to the "Off" position.
3. Prepare a cleaning solution of Tablet Plus by dissolving 1 packet in 2-1/2 gallons of lake warm water.
4. Open the interior of the machine by activating the "Wash" cycle and lifting the cylinder and hood from the cleaning solution. Turn the machine to the "On" position. Brush down the food tube and letter tube. Wash the cleaning solution in the cylinder. Run the "Wash" cycle and allow to stay for 10 minutes.
5. Drain the solution from the machine. Turn machine to the "Off" position.
6. Remove and completely disassemble all machine parts (doors, tubes, trays, etc.)
7. Brush wash all disassembled parts in a suitable container in a clean sink.
8. Rinse thoroughly under clean running water.
9. Sanitize parts by immersing for at least 1 minute in a stock Tablet Plus solution.
10. Remove parts and allow to air dry.
11. Repeat the cleaning procedure for machines with high-reach capabilities.

SANITIZING PROCEDURE

1. Following manufacturer's instructions, reassemble the machine.
2. Prepare a sanitizing solution by dissolving a quarter of Tablet Plus in 2-1/2 gallons of lake warm water.
3. Sanitize the interior of the machine by running the "Wash" cycle and adding the cylinder and hood tube with the sanitizing solution. Allow the "Wash" cycle to run for 5 minutes.
4. Drain the solution from the machine. Turn machine to the "Off" position.

NOTE: Consult local authorities for proper sanitation procedures.

KITCHEN ONSILLS AND EQUIPMENT

1. Wash or rinse all loose food items.
2. Brush wash with a suitable detergent.
3. Rinse thoroughly under clean running water.
4. To a clean sink, prepare a sanitizing solution of Tablet Plus (100 ppm) in 2-1/2 gallons of lake warm water according to the dilution table. Increase sanitizing time and equipment for 4-5 minutes. Remove and dry. DO NOT RAISE. Place on a clean surface to air dry. Follow local health ordinance.

NOTE: To sanitize previously cleaned stationary equipment and other hard, non-porous fixed contact surfaces, brush the contact with the sanitizing solution, or apply a clean cloth, sponge or spray, making sure to completely wet all surfaces for at least 60 seconds. Let air dry. Follow local health ordinance.

Solutions may be prepared in appropriate dispensers according to the dilution table and drawn as needed. Prepare a fresh solution daily or when the available chlorine level falls below 50 ppm.

Store clean washing wares in a solution of 1 packet, sanitizer per 2-1/2 gallons lake warm water to keep them in a sanitary condition between uses.
