BioNEEM®
Multi-Purpose Insecticide & Repellent Concentrate

Kills Webworms
Kills Bagworms
Kills Larval Stages of Insects
Kills Box Elder Bugs

Kills and/or Repels Insects

ACTIVE INGREDIENTS: BY WT.
Azadirachtin: 0.09%
OTHER INGREDIENTS: 99.91%
TOTAL: 100.00%

KEEP OUT OF REACH OF CHILDREN
CAUTION

See back panel for additional Precautionary Statements and First Aid.

NET CONTENTS 16 FL. OZ. (473 ml)

LBL5612F-2 0109
GENERAL INFORMATION:
BIONEMET® effectiveness is based on several modes of action. It disrupts insect's delicate hormonal balance so they die before they molt to the next life stage. BIOSEM® suppresses some insects' desire to feed and also repels many insects in areas that have been sprayed. These different modes of action result in broad spectrum control of the majority of insects that harm your yard and garden. BIONEMET® kills or repels a broad assortment of insect pests. BIONEMET® spans many beneficial insects such as honey bees and ladybugs that prey on undesirable insects. Without beneficial insects to control pest populations, plants are even more vulnerable to new infestations.

DIRECTED FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL Before Using:
Use spray solution within 8 hours of mixing for maximum effectiveness. Do not store dilute spray solution for future use. Not for use in food handling areas. Since BIOSEM® effectiveness with insect growth hormone is most effective when applied 2-3 times at 7-10 day intervals, application directly onto the target pest will increase efficacy. Time applications for early to mid-morning or in the late afternoon. Do not add other chemicals to BIOSEM® solutions. Do not apply to wilted, stressed, or newly transplanted materials prior to root development. Do not apply to known sensitive plant species without prior testing.

Known Sensitive Plants:
Do not apply BIONEMET® to the following plant species due to potential plant damage: Hibiscus flowers, okra, and other heat-loving plants, ornamentals, and weeds. When using around homes to control the immature stages of the following insect pests: stink bugs, Japanese beetles, June bugs, Japanese beetles, Lace bugs, and other bugs, Aphids, scales, and mealybugs. USE DIRECTIONS: Dilute BIONEMET® to a concentration of 3 fl. oz. (slb) of BIONEMET® per gallon of water (1 part BIONEMET® to 40 parts water). Mix thoroughly. Apply with a hand sprayer to a fine spray to avoid surfaces of leaves, avoid direct application to soil. Avoid excessive application.

Fuller Application (Unscented & Scented):
For use on trees and shrubs on residential landscapes to control the immature larval stages of the following insect pests: leafhoppers, leafminers, Currant weevil, Pests, aphids, hemiptera, European vinegar flies, Whiteflies, Whiteflies, and lacewings. USE DIRECTIONS: Dilute BIONEMET® to a concentration of 3 fl. oz. (slb) of BIONEMET® per gallon of water (1 part BIONEMET® to 40 parts water). Mix thoroughly. Apply with a hand sprayer to a fine spray to avoid surfaces of leaves. Avoid direct application to soil. Avoid excessive application.

Lawn Application:
For use around homes to control the following insect pests: ants, crickets, white grubs, soil weevils, and other insects. USE DIRECTIONS: Dilute BIONEMET® to a concentration of 3 fl. oz. (slb) of BIONEMET® per gallon of water (1 part BIONEMET® to 40 parts water). Mix thoroughly. Apply with a hand sprayer to a fine spray to avoid surfaces of leaves. Avoid direct application to soil. Avoid excessive application.

Vegetable and Fruit Crop Application:
For use on vegetable and fruit crops to kill or repel the following insect pests: aphids, white fly, black fly, spider mites, and other beneficial insects. USE DIRECTIONS: Dilute BIONEMET® to a concentration of 3 fl. oz. (slb) of BIONEMET® per gallon of water (1 part BIONEMET® to 40 parts water). Mix thoroughly. Apply with a hand sprayer to a fine spray to avoid surfaces of leaves. Avoid direct application to soil. Avoid excessive application.
PRECAUTIONARY STATEMENTS:

Hazard to Humans and Domestic Animals:
Caution: Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Causes moderate eye irritation. Harmful if inhaled. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID:
If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person. If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Hot Line Number: 1-800-858-7378.

ENVIRONMENTAL HAZARDS:
This product is hazardous to fish and aquatic invertebrates. For terrestrial use: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsates.

PHYSICAL OR CHEMICAL HAZARDS:
Flammable. Keep away from heat and open flame.

STORAGE AND DISPOSAL:
Pesticide Storage: Keep in original container. Store in a cool, dry place, away from direct sunlight, heat or foodstuffs. Keep container tightly sealed when not in use. Do not store below 50°F (10°C) or above 95°F (35°C).
Pesticide and Container Disposal:
If Empty: Do not reuse this container. Place in trash or offer for recycling if available.
If Partially Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
