CitriFoam™

Foaming
HOSPITAL
DISINFECTANT
CLEANER

- Germicidal
- Fungicidal
- Staphylocidal
- Pseudomonacidal
- Virucidal
- Tuberculocidal
- Deodorizes
- Prevents Mold and Mildew on Hard Non-Porous Surfaces

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS
CAUTION: Avoid contact with skin, eyes or clothing. Harmful if swallowed. Avoid contamination of food.
PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 120°F may cause bursting.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. STORAGE: Store in a cool area away from heat or open flame. DISPOSAL: Do not incinerate empty container. Wrap container and put in trash collection.

Nonabrasive. Will not harm hard washable surfaces including walls, worktops, cabinets, floors, tiles, wash basins, bathtubs, toilet seats, venetian blinds, chrome and stainless steel, stoves, can, clothes, refrigerators, freezers, sinks, appliances, porcelain, ceramic, counter and table tops.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For use in hospitals, schools, hotels and motels. Excellent for sick room or kitchens. Leaves area clean and fresh smelling. For disinfecting a pre-cleaning step is required. When used with a disinfectant, this product demonstrates effective disinfection pre-cleaned, hard, non-porous environmental surfaces against Staphylococcus aureus, Salmonella choleraesuis, and Pseudomonas aeruginosa, thus meeting requirements for hospital use. *As a virucide, kills HIV-1 (AIDS Virus), Influenza A3 (Hong Kong) and Herpes Simplex Virus Types 1 and 2 on environmental, inanimate, hard surfaces. If used on food surfaces, surfaces must be scrubbled with a detergent and rinsed with potable water before reusing.

TO CLEAN: Shake can before using. Hold can six to eight inches from surface to be cleaned.

Spray area until covered with a white foam. Allow foam to penetrate and wipe off with a clean cloth, mop or sponge. No scrubbing is necessary. For heavily soiled areas, remove gross soil before using. This product will not leave grit or soap scum to disinfest and deodorize pre-cleaned surfaces. Follow directions as above and allow foam to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Then wipe with a clean cloth, mop or sponge.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

TO CONTROL MOLD AND MILDEW: On precleaned hard non-porous surfaces (such as floors, walls, table tops) spray surfaces to be treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.

*KILLS HIV-1 ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOODY/BODY FLUIDS IN HEALTH CARE SETTINGS OR OTHER SETTINGS IN WHICH THERE IS AN EXPECTED PROBABILITY OF SOILING ON TRANSMITTED SURFACES/OBJECTS WITH BLOOD OR BODY FLUIDS, IN WHICH THE SURFACES/OBJECTS LIKELY TO BE SOILED WITH BLOOD OR BODY FLUIDS CAN BE ASSOCIATED WITH THE POTENTIAL FOR TRANSMISSION OF HUMAN IMMUNODEFICIENCY VIRUS TYPE 1 (HIV-1) (ASSOCIATED WITH AIDS)

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV OF SURFACES/OBJECTS SOILED WITH BLOODY/BODY FLUIDS: PERSONAL PROTECTION: Specific barrier protection items to be used when handling items soiled with blood or body fluids are disposable latex gloves, gowns, masks, or eye coverings. CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfectant.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

Keep out of reach of children.

CAUTION:

See side panels for additional precautionary statements.

NET WT. 20 OZ. (1 LB. 4 OZ.) (567 GRAMS)

Manufactured Exclusively For:

HealthLink
A Family of Medical Products

20-26 (FOIL)

EPA REG. NO. 33178-6-07454
EPA EST. NO. 10807-GA-1

Contains NO CFC's or other ozone depleting substances.

Federal regulations prohibit use of CFC propellants in aerosols.
