PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or going to the toilet. Remove and wash contaminated clothing and shoes before reuse. May be fatal if swallowed, inhaled to nose and throat. Avoid breathing dust.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

PHYSICAL AND CHEMICAL HAZARDS: Strong oxidizing agent. Mix only with water. Do not mix this product with any other chemicals, including any other pool chemicals of any kind, such as other disinfection or shock pool products. Always add product to large quantities of water to dissolve product. Do not pour water into product. Use only a clean, dry utensil made of metal or plastic each time product is taken from the container. Do not add this product to any dispensing device containing remnants of any other product or pool chemical. Such use may cause violent reaction leading to fire or explosion. Contamination with moisture, acids, organic matter, other chemicals (including, but not limited to cleaning chemicals and other pool chemicals), petroleum or paint products or other easily combustible materials may start a chemical reaction with generation of heat, liberation of hazardous gases and possible violent reaction leading to fire or explosion. If product becomes contaminated or decomposes do not reuse container. If possible, store container in open air or well-ventilated area. Flood with large volumes of water, if necessary, to fully dissolve product.

STORAGE AND DISPOSAL

Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

PESTICIDE STORAGE: Keep this product dry in a tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all materials before discarding this container.

PESTICIDE DISPOSAL: Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture or rinse water is violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying.

Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¾ full with water and recite. Shake for 10 seconds. Pour into application equipment or a mix tank or store rinsewater for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two or more times. Then offer for recycling if available or place in trash collection.

LIMITED WARRANTY: The manufacturer warrants, for a period of 1 year from purchase, that when this product is used and used all in accordance with label directions, it will be fit for its intended purpose. THE MANUFACTURER EXPRESSLY DISCLAIMS ALL OTHER EXPRESS OR IMPLIED WARRANTIES. TO THE EXTENT THIS DISCLAIMER IS PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTIES ON THIS PRODUCT ARE LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. If this Product fails to conform to this Limited Warranty, the manufacturer will refund your purchase price or furnish you with replacement product at Manufacturer's option. This is the Manufacturer's sole liability and in no event will Manufacturer be liable for direct, indirect, special, incidental or consequential damages. To make a claim under this Limited Warranty, contact the store/dealership where you purchased this Product. This Limited Warranty gives you specific legal rights, and you may also have other legal rights which vary from state to state.

SUSTAIN®
Shield Energizer
And Shock Treatment Tablets for Swimming Pools Once a Week

Re-Energizes Sustain® Summer Shield® • Controls Algae
Destroys Organic Contaminants • Restores Water Clarity

Active Ingredient:
Calcium Hypochlorite ........................................ 68%
Other Ingredients: ........................................ 32%
Total: .................................................. 100%
Minimum 65% Available Chlorine

NET WT. 35 lbs. (15.88 kg)

Manufactured by
PPG Industries, Inc.
One PPG Place
Pittsburgh, PA 15272
Emergency Telephone Number: 1-412-434-4515
**SUSTAIN® Shield Energizer**

- Does not lower pH or destroy total alkalinity.
- Colored blue to prevent mixing with other non-compatible tablets.
- Does not contain stabilizer.

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

Do not mix with any other chemicals, including any other pool chemicals of any kind.

- Mixing with other chemicals could cause a fire or explosion.
- Always add product to large quantities of water to fully dissolve product.
- Do not pour water into product, always add product to water.
- Do not use with stabilized chlorine or bromine tablet chemical feeders.
- See additional precautionary statements on back label.

**FIRST AID**

Contact 1-412-434-4515 or your poison control center for 24-hour emergency medical treatment information. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**If Swallowed:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**SWIMMING POOL USE**

This calcium hypochlorite product contains a minimum of 65% available chlorine. These tablets are fast-dissolving, blue chlorinating tablets that re-energize the protective Sustain® Summer Shield® and destroy organic contaminants to keep pool water clear and sparkling.

For any application method you choose: No one can be in the pool when chemicals are being added directly to the pool. Do not mix this product with other chemicals, including any other pool chemicals of any kind, such as other disinfection or “shock” products. Mixing could cause a fire or explosion. Always add this product into large quantities of water to fully dissolve. Never add water into product. Make sure to keep the pump and filter running during application and for at least 6 to 8 hours after application to allow for the best product dispersion. For best results, test your pool water prior to addition of this product and maintain pool water parameters in the ranges noted below.

This product will raise the pH of pool water. For best results, test your pool water prior to addition of this product. If your pH measures 7.4 or higher, adjust it downward so that it is between 7.2 to 7.4. This will help avoid clouding of water and allow for faster dispersion of the product.

**APPLICATION METHOD**

Use chlorinating tablets in a skimmer basket, a floating dispenser, skimmer dispenser or chlorinator to dispense tablets. Do not throw the tablets directly into the pool or allow tablets to contact plastic or steel pool linings.

**HOW TO APPLY TO POOLS**

**REMEMBER:** Never add water to product. Always add product to large quantities of water to fully dissolve. Maintain operation of your pump and filter. Treatment should be done at night or during a period when the pool is not in use.

Use 1 cup (8 oz.) of tablets for each 5,000 gallons of water. Clean skimmer basket and return basket to the skimmer. For smaller skimmer baskets you may need to take the Sustain® Skimmer Dispenser out of the skimmer basket while applying the Sustain® Shield Energizer tablets. Add proper dosage of tablets with the circulating system running. Continue circulating for at least 5 hours. For the smaller skimmer, return the filled Sustain® Skimmer Dispenser to the skimmer basket as soon as the Sustain® Shield Energizer tablets have dissolved. Do not use the pool until the free chlorine residual is 4 ppm or less as determined by using your Sustain® 3-way test strips or DPD test. Use Sustain® Summer Shield® to help chlorine protect your pool from algae growth all season long.

Add Sustain® Summer Shield®, once each summer (150 days) to help chlorine protect your pool from algae growth all season long. Begin weekly additions of Sustain® Shield Energizer tablets to re-energize the protective Sustain® Summer Shield® and keep your pool water sparkling clear. You must follow the use directions of these products.

Four tablets weigh approximately 1 oz. One standard U.S. measuring cup equals approximately 8 oz. of tablets.

For specific literature on other accepted uses, contact PPG.

For a complete copy of the master label for this product, contact PPG or review the most current EPA stamped-accepted label available at [www.epa.gov/pesticides/pestlabels](http://www.epa.gov/pesticides/pestlabels).
