PRECAUTIONARY STATEMENTS
Hazards To Humans & Domestic Animals

CAUTION: May be harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, and clothing.

FIRST AID: IF SWALLOWED: Call a Poison Control Center or doctor immediately. Have person sip a glass of water if able to swallow. Do not induce vomiting unless advised by poison control center or physician. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin with water. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call the poison control center or doctor for further treatment advice. Have the product container or label with you when calling or going for treatment.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams and ponds. Permits may be required for discharges containing this pesticide into lakes, ponds and public water. For guidance, contact the Environmental Protection Agency regional office.

STORAGE: Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

DISPOSAL: Triple rinse container and dispose in trash. Do not reuse empty container. For information on this product (including health concerns, medical emergencies or pesticide incidents) call the National Pesticide Network toll-free at 1-800-858-7378 - 8:30 am to 4:30 pm, 7 days a week.

FOUNTEC ALGAECIDE • CLARIFIER

Fountains • Bird Baths • Tabletops • Water Gardens

Tough Algae Controller

• Kills & Prevents Algae Growth
• Non-Foaming & Non-Staining
• Keeps Water Crystal Clear
• Treats Over 2400 U.S. Gallons

CAUTION: Keep Out Of Reach Of Children
See Safety Panel For Additional Precautionary Statements

8 FL OZ (237 ML)

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Fountec keeps water continuously clear and helps remove and prevent green, blue-green, yellow, and black type algae in water. Fountec not only improves water quality but provides superior treatment results. Fountec’s maintenance program finally makes year-round fountain care simple and most effective.

BEFORE YOU START: The most effective use of Fountec is best achieved when fountain and water garden equipment has been checked and working properly. If needed, backwash or clean filter according to proper procedures. When necessary, use a non-chlorine shock to help remove contaminants in water by following label instructions.

MAINTENANCE: To maintain water clear and algae-free, add the proper Fountec initial dosage under “Clean” for your fountain size. The addition of Fountec’s “Weekly Maintenance” makes for easier maintenance by keeping water clear and algae-free.

CLEANUP: For maximum effectiveness, water containing heavy algae growth should be cleaned of excess debris. Add and disperse proper Fountec dosage under “Visible Algae” directly to water. Superchlorination or shock treatments synergize with Fountec to improve the control of algae. In fountains, a non-chlorine shock is recommended, follow label instructions. Operate circulation pump during algae clean-up period to ensure thorough distribution and maximum cleanup effect.

ACTIVE INGREDIENTS:
Poly(dimethylsiloxy(dimethylsiloxane)-ethylene (dimethylsiloxane-ethylene dichloride) .......... 35%
INERT INGREDIENTS: .................................. 72%
Total .............................................. 100%

This product contains 2.67 lb of active ingredients per gallon and weighs 8.9 lb per gallon
