**INERT INGREDIENTS:**

Some materials that are chemical-resistant to this product are barrier laminate, butyl rubber, nitrile rubber, and Viton.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Contains petroleum distillates.

Contains 10.8 pounds naled per gallon.

Mixers, loaders, applicators (except aerial applicators in a cab/cockpit) and other handlers engaged in those handler activities for:

1. **Inhalation:** Use a respirator with an organic vapor (OV) cartridge or canister with any R, P, or HE prefilter.
2. **Skin Contact:** Use chemical-resistant gloves (barrier laminate, butyl rubber, nitrile rubber, or Viton, selection category E) and apron when mixing or loading.
3. **Eye Contact:** Use safety glasses, goggles or full face shield, followed by use of a chemical-resistant glove (barrier laminate, butyl rubber, nitrile rubber, or Viton, selection category E) and apron when mixing or loading.

For Transportation Emergencies, including spill, leak or fire, phone: CHEMTREC

1‑800‑424‑9300

**FIRST AID Measures**

1. **Eye Contact:** Immediately flush eyes with large amounts of water (at least 15 minutes).
2. **Skin Contact:** Wash skin with soap and water. If irritation occurs, discontinue use and seek medical advice.
3. **Inhalation:** Move victim to fresh air. If symptoms occur, seek medical advice.
4. **Ingestion:** DO NOT INDUCE VOMITING unless told to do so by a poison control center or doctor. Seek medical advice immediately. Call CHEMTREC at 1‑800‑424‑9300.

**Disposal**

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE AND DISPOSAL**

Keep in original containers. Store in a dry, cool, well-ventilated area away from heat, open flames, and other ignition sources. Do not store near food or foodstuffs. Store away from children and domestic animals.

**PRECAUTIONARY STATEMENTS**

**DANGER/PELIGRO**

**Chemical Resistant Gloves:**

- Select category E: barrier laminate, butyl rubber, nitrile rubber, or Viton.
- When mixing or loading.
- Gloves must be compatible with the active ingredient.
- Gloves must be worn in accordance with chemical manufacturer's instructions.

**Respirator Requirements:**

- Use respirator with an organic vapor (OV) cartridge or canister with any R, P, or HE prefilter.
- This respirator filter does not apply when application is made with oils.

**Waste Hazard:**

Class 9 (Non-Regulated Hazardous Waste). This material must be disposed of in a manner consistent with federal, state and/or local regulations.

**Environmental Hazards:**

- **Aquatic Toxicity:** May be harmful to aquatic life in waterways and water bodies.
- **Toxicity to Fish:** May be harmful to fish and other aquatic organisms.
- **Toxicity to Aquatic Plants:** May be harmful to aquatic plants.
- **Acute Toxicity:** May be harmful if swallowed.
- **Persistence:** May not persist in aquatic environments.
- **Bioaccumulation:** May not bioaccumulate in aquatic organisms.
- **Bioconcentration:** May not bioconcentrate in aquatic organisms.
- **Toxicity to Non-Passerine Birds:** May cause harm.
- **Toxicity to Passerine Birds:** May cause harm.
- **Toxicity to Other Mammals:** May cause harm.
- **Toxicity to Terrestrial Vertebrates:** May cause harm.
- **Toxicity to Terrestrial Non-Vertebrates:** May cause harm.
- **Toxicity to Terrestrial Plant:** May cause harm.
- **Toxicity to Soil Organisms:** May cause harm.

**Insecticide Shortage:**

- **Insecticide Resistance:** The use of insecticides may result in the development of insecticide resistance. This material has been designed to have reduced risk of resistance development.
- **Insecticide Usage:** Use insecticides in a manner that reduces the risk of resistance development.

**Directions for Use:**

- **Aerial Applications:** Use equipment designed for aerial applications and calibrated to produce droplets in the size range of 10 to 50 microns (Dv 0.5 < 10 μm) and that 90% of the spray is contained in droplets smaller than 20 microns (Dv 0.9 < 20 μm). Directions from the manufacturer of the aircraft must be used for all aircraft, including those that are in use for aerial applications.
- **Ground Applications:** Use equipment designed for ground applications and calibrated to produce droplets in the size range of 10 to 50 microns (Dv 0.5 < 10 μm) and that 90% of the spray is contained in droplets smaller than 20 microns (Dv 0.9 < 20 μm). Directions from the manufacturer of the application equipment must be used. The volume median diameter (VMD) of the droplets must be less than 40 microns (Dv 0.5 < 40 μm). Directions from the manufacturer of the application equipment must be used.

**Termite Control:**

- **Method:** Use equipment designed and calibrated to produce droplets in the size range of 10 to 50 microns (Dv 0.5 < 10 μm) and that 90% of the spray is contained in droplets smaller than 20 microns (Dv 0.9 < 20 μm). Directions from the manufacturer of the application equipment must be used. The volume median diameter (VMD) of the droplets must be less than 40 microns (Dv 0.5 < 40 μm). Directions from the manufacturer of the application equipment must be used.

**Limited Warranty and Disclaimer:**

- **Manufacturing and Marketing:** The manufacturer and the marketer of this product warrant that the product shall be free from defects in material and workmanship for a period of one year from the date of manufacture.
- **Full Term:** The manufacturer and the marketer of this product warrant that the product shall be free from defects in material and workmanship for a period of one year from the date of manufacture.
- **Limitation:** The manufacturer and the marketer of this product shall not be liable for any incidental or consequential damages resulting from the use of this product.

**Remedies:**

- **Remedy for Non-Conformity:** The manufacturer and the marketer of this product shall be liable for any non-conformity with the terms of this warranty only if such non-conformity is caused by defects in material or workmanship.
- **Remedy for Conformity:** The manufacturer and the marketer of this product shall not be liable for any non-conformity with the terms of this warranty if such non-conformity is caused by any other factor.

**Disclaimer:**

- **Disclaimer of Warranties:** The manufacturer and the marketer of this product disclaim all other warranties, express or implied, including but not limited to the warranties of merchantability and fitness for a particular purpose.
- **Limitation of Liability:** The manufacturer and the marketer of this product shall not be liable for any incidental or consequential damages resulting from the use of this product.

- **Non-Responsibility:** The manufacturer and the marketer of this product do not authorize any agent or representative to make any other warranties, express or implied, on behalf of the manufacturer and the marketer of this product.
