ACTIVE INGREDIENTS:
2,4-dichlorophenoxyacetic acid (CAS Registry No. 94-75-7) ........ 3.0% (+)-(R)-2-(4-chloro-2-methylphenoxy) propionic acid (CAS Registry No. 16444-77-8) ........ 0.15%Dicamba: 3,6-dichloro-2-methoxyphenol acid (CAS Registry No. 1910-04-0) ........ 0.26%

INERT INGREDIENTS ................................................................. 99.10%

TOTAL ................................................................. 100.00%

GUARANTEED ANALYSIS:
Total Nitrogen (N) .............................................................................. 25.00%
Ninhydrin Nitrogen (N) ................................................................. 24.98%
6% Ammonium Nitrogen .............................................................. 0.98%
Available Phosphorus (P₂O₅) .......................................................... 3.00%
Soluble Potash (K₂O) ....................................................................... 2.00%

PRECAUTIONS AND RESTRICTIONS:
Do not apply this product in a way that will contact any person, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until drift has settled. Do not use on ochriderma, clover, or St. Augustinegrass. Do not use this product where desirable cover crops are present. Do not exceed specified dosages for any area. Apply when the air is calm. Application of the product to newly seeded areas should be delayed until the third mowing. Do not use this product on or near desirable plants, and avoid spreading granules onto exposed root systems or adventitious shoots (rhizomes) within the drip line of desirable trees and shrubs, because injury may result. Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of trees, fish ponds, lakes, streams, reservoirs, marshes, tulips, bulbs, and cattails. Do not apply when weather conditions are conducive to the dispersion of spray droplets, such as strong wind, heavy rain, or rapidly changing weather conditions. For chemical spills, leaks, and/or fires, have the proper fire extinguisher available on the Internet at http://www.aapfco.org/metals.html

STORAGE AND DISPOSAL:
Do not store in direct sunlight. Store away from food, seed, and feed. Clean all equipment used with water to allow the granules to adhere and to remain on the leaf surface of the weeds. Do not wash from weed leaves for 1 to 2 days after application. At this time a thorough watering should be made.

WEEDS CONTROLLED:

- Bedstraw
- Henbit
- Oxalis
- Purslane
- Thistle
- Black medic
- Dandelion
- Lambsquarters
- Pigweed
- Sheep sorrel
- Wild garlic
- Bedstraw
- Clover
- Knotweed
- Peppergrass
- Ragweed
- Wild carrot
- Chickweed
- Henbit
- Oxalis
- Purslane
- Thistle
- Field mustard
- Oregano
- Purslane
- Thale
