DIRECTIONS FOR USE AND CONDITIONS OF SALE AND WARRANTY.

IMPORTANT: Read the entire Directions for Use and the Conditions of Sale and Warranty before using this product.

If terms are not acceptable, return the unopened product container at once.

Conditions of Sale and Warranty

The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be correct, and should be followed punctually. However, it is impossible to eliminate all risks inherently associated with using this product. Injury, illness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application of all of which are beyond the control of Novartis or the Seller. All such risks shall be assumed by the Buyer.

Novartis warns that the product contains the chemical description on the label and is reasonably fit for the purpose referred to in the Directions for Use subject to the inherent risks referred to above. Novartis makes no other express or implied warranty of Fitness or MERCHANTABILITY or any other express or implied warranty. In no case shall Novartis or the Seller be liable for consequential, special, or indirect damages resulting from this use or handling of this product. Novartis and the Seller offer the product, and the Buyer and user accept it, subject to the foregoing conditions. Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Novartis.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with the labeling. Failure to follow directions and precautions on this label may result in injury, poor fly control, and illegal use of resources.

Fly control in poultry operations should include appropriate sanitary and management practices to reduce the number and size of fly breeding sites. A successful sanitary and management program may allow less constant use of insecticides. This, in turn, should prolong the effective life of such control agents.

Eliminating Fly Breeding Sites

Certain conditions around poultry operations encourage flies and should be reduced under control or eliminated as an aid to fly control and the Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Novartis.

Eliminating Fly Breeding Sites

Certain conditions around poultry operations encourage flies and should be reduced under control or eliminated as an aid to fly control and the Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of Novartis.

Precautionary Statements

Harvest as Humans and Domestic Animals Careful

Harmful if inhaled or absorbed through the skin. Avoid breathing dust. Avoid contact with skin or clothing. May cause skin sensitization in some individuals. Wash thoroughly with soap and water after handling.

Precautions for Use

Call the poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor.

If skin is involved:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-30 minutes.

If in eyes:

Hold eye open and rinse slowly and gently with water for 15-30 minutes. Remove contact lenses if present; after the first 5 minutes, then continue irrigation.

If inhaled:

Move person to fresh air. If person is not breathing, call 911 or get immediate medical assistance. Do not give water or milk.

Emergency Telephone Numbers:
