**FIRST AID**

Have label with you when obtaining treatment advice. Any persons applying zinc phosphide products and experiencing signs and symptoms such as nausea, abdominal pain, tightness in the chest, or weakness, should be seen by a physician immediately.

- If swallowed:
  - Call a poison control center, doctor or 1-800-498-5743 immediately for treatment advice or transport the patient to the nearest hospital.
  - Do not drink water.
  - Do not administer anything by mouth.
  - Do not induce vomiting unless told to do so by the poison control center or doctor.

- If on skin or clothing:
  - Take off contaminated clothing.
  - Rinse skin immediately with plenty of water for 15-20 minutes.

- If inhaled:
  - Move person to fresh air.
  - If person is not breathing, call an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.

- If in eyes:
  - Hold eye open and rinse slowly and gently with water for 15-20 minutes.
  - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center, doctor, or 1-800-498-5743 immediately for treatment advice.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Keep away from humans, domestic animals and pets. May be fatal or harmful if swallowed. Avoid eye or skin contact. Wear rubber gloves when handling this product. Do not breathe dust. Avoid contamination of feed or foodstuffs. Avoid contact with acids. Store in a dry place. Do not store around the home. Wash all utensils, spoons, or measuring devices thoroughly after using.

**ENVIRONMENTAL HAZARDS**

This product is toxic to wildlife and fish. Birds and other wildlife feeding on treated bait may be killed. Do not apply to open ground, roads and areas in which no vegetation occurs. Pick up and properly dispose of all spilled toxic bait. Do not apply this product directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply where runoff from this product will enter an aquatic system. Do not contaminate water when disposing of equipment washwaters. Check for and dispose of excess or spoiled bait and carcasses daily until the bait is expended or is removed.

**Notice:** A federal offense to use any pesticide in a manner that results in the death of a member of an endangered species. The use of this product may pose a hazard to Federally designated endangered/threatened species. Suggested measures to protect endangered species in your county may exist in an EPA “Interim Measures” pamphlet. You may call EPA’s Endangered Species Hotline, 1-800-447-3613, to find out if an “Interim Measures” pamphlet exists for your county and have one sent to you. You can also consult your local county extension office or pesticide state lead agency to determine whether they have imposed any requirements in your area to protect endangered and threatened species.

---

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product, and spoiled and unconsumed bait, may be disposed of on site or at an approved waste disposal facility.

**PESTICIDE CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling if available. If recycling is not available then dispose of empty container in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY**

**NOTICE:** Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

Manufacturer and Seller warrant that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable or to beyond the control of Seller or Manufacturer, and Buyer and User assume the risk of any such use. MANUFACTURER AND SELLER MAKE NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

IN NO EVENT SHALL MANUFACTURER OR SELLER BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY; CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTIVE OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

Manufacturer and Seller offer this product, and Buyer and User accept it, subject to the foregoing conditions of sale and limitations of warranty and of liability, which may not be modified except by written agreement signed by a duly authorized representative of Manufacturer.

**LA 220175**

**Code (RENE-J,NRR)**

Item No. 0002980
PREBAITING: To increase acceptance of treated bait by rats, broadcast three pounds of untreated oat groats around each active burrow 2-3 days prior to using toxic bait. To increase acceptance of treated bait by ground squirrels, prebait with one teaspoon of untreated oat groats around each active burrow. Hand BAITING: Apply one teaspoon of bait at 8- to 12-foot intervals. Maintain an uninterrupted supply of fresh bait for at least 10 days. Pour or place the bait in corners and concealed places, between floors and walls, or in other locations where rodents or their harborage as much as possible. If reinfestation does occur, repeat treatment. Do not treat the same area again for at least 15 days. BAITS: Fresh bait must be exposed to rodents for at least 10 days. Employ prebait and hand baiting in and around buildings such as homes, orchards, vineyards, sugarcane fields, and noncrop areas. broadcast by ground spreader or aircraft in noncropland vegetation and noncrop areas.

ZINC PHOSPHIDE OAT BAIT
For sale primarily in and around buildings, orchards and groves, vineyards, sugarcane fields, noncrop fields and specified noncrop areas. For broadcasting by ground squirrel in trespassers.

APPLICATION DIRECTIONS: Place in the bait station for a specified number of days. The bait station must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents such children from access to the bait.
