ACTIVE INGREDIENTS
Poly [oxyethylene (dimethyliminio) ethylene-(dimethyliminio) ethylene dichloride].......................... 60.0%
INERT INGREDIENT: ......................................................... 40.0%
This product contains 5.76 lbs. of active ingredient per gallon and weighs 9.6 lbs. per gallon.

KEEP OUT OF REACH OF CHILDREN
CAUTION

See first aid statement and other precautions on side panel before opening container.

Net Contents: 32 fl oz
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE IN SWIMMING POOLS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Aqua Balance Poly 60 is used to control the growth of algae in swimming pools. This product is compatible with most commonly used swimming pool chemicals but should not be mixed with soap or other cleaners or premixed with other water treating chemicals. This product works best when added by itself to pool water. For maximum effectiveness pools containing heavy growth of algae should be cleaned prior to using product. For pools having just visible algae growth add an initial dose of 11 to 17 fluid ounces of this product per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool, add initially 6 to 11 fluid ounces of this product per 10,000 gallons of water. To maintain pools free of visible algae growth subsequent additions of 2 to 4 fluid ounces of this product per 10,000 gallons of water should be made every 5 to 7 days after the initial treatment. This product is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. This product can be used in pools treated with chlorine chemicals and may reduce the amount of these chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorine products.

POOL GALLON CALCULATOR (all dimensions in feet)

Square or Rectangular:  
Length x Width x Average Depth x 7.5 = Gallons

Round or Oval:  
Length x Width x Average Depth x 5.9 = Gallons

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on the site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration, or, if allowed by state and local authorities by burning. If burned, stay out of smoke.
