Cleaning Procedure:

and eye coverings.

BLOOD/BODY FLUID:

HCV OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS, AND IN WHICH THE BLOOD BARRIER OR OTHERWISE ENTER NORMAL STERILE MEMBRANES BUT WHICH DOES NOT ORDINARILY PENETRATE INTO OR IN CONTACT WITH THE BLOODSTREAM OR NORMALLY STERILE TISSUES OR ORGANS. MAXISPRAY PLUS EFFECTIVELY KILLS STAPHYLOCOCCUS AUREUS, PSEUDOMONAS AERUGINOSA, Trichophyton mentagrophytes, Methicillin Resistant Staphylococcus aureus (MRSA), Vancomycin-Resistant Enterococcus faecalis (VRE), Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), and Herpes Simplex Virus Types 1 and 2. HUMAN IMMUNODEFICIENCY VIRUS TYPE 1 (HIV-1).

ACTIVE INGREDIENTS: Disodiuylsphosphonhexylmethyl dimethyl benzyl ammonium chloride ........................................... 0.28%

INSERT INGREDIENTS: ...................................................... 100.00%

TOTAL: 100.00%

Bactericidal * Virucidal* Tuberculocidal** Fungal

1) is introduced directly into the human body, either into or onto normal sterile tissue or the bloodstream or other normally sterile areas of the body. This product may be used to prevent or decontaminate critical or semi-critical medical devices prior to sterilization/high-level protection.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin: Take off any contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. For Chemical Emergency ONLY (spill, leak, fire, explosion or accident), call CHEMTREC at 1-800-424-9300.

Storage and Disposal:

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage:

Do not store in the reach of children.

CAUTION

Environmental Hazards: Combustible. Do not use or store near a source of heat. Use in a well ventilated area.

Physical or Chemical Hazards: Combustible. Do not use or store near heat or open flame.

Effectiveness Against:

Methicillin Resistant Staphylococcus aureus (MRSA)

Pseudomonas aeruginosa

Trichophyton mentagrophytes

Methicillin Resistant Staphylococcus aureus (MRSA)

Vancomycin-Resistant Enterococcus faecalis (VRE)

Hepatitis B Virus (HBV)

Hepatitis C Virus (HCV)

Herpes Simplex Virus Types 1 and 2

Human Immunodeficiency Virus (HIV-1)

DESCRIPTION

MAXISPRAY PLUS is a multi-purpose surfacedisinfectant/decontaminant cleaner for use on hard, non-porous inanimate surfaces. It is useful in hospital operating rooms, neonatal units, dental operating, surgical suites, medical and dental clinical areas, catheter surgery centers, and other critical care areas where control of cross contamination between treated surfaces is important. MAXISPRAY PLUS will not harm clean and dry surfaces when used as directed, such items as interior and exterior surfaces of patient treatment equipment, surfaces of anesthesia machines and respiratory therapy equipment surfaces, operating room tables and lights, physical therapy equipment surfaces, animal cages, veterinary care surfaces, exterior surfaces of dental operators, dental countertops, dental chairs, stools, exterior surfaces of dental curing lights, which are made of plastic (i.e., polycarbonate, polyethylene, polyvinyl chloride, polystyrene, and urea formaldehyde as well as plastic, stainless steel, painted metals, fiberglass, metal and glass).

First Aid:

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in mouth: Rinse mouth with water, do not induce vomiting. Call a poison control center or doctor for treatment advice.

For Chemical Emergency ONLY: Call CHEMTREC at 1-800-424-9300. If on skin: Take off any contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. For Chemical Emergency ONLY (spill, leak, fire, explosion or accident), call CHEMTREC at 1-800-424-9300.

Storage and Disposal:

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage:

Do not store in the reach of children.

CAUTION

Environmental Hazards: Combustible. Do not use or store near a source of heat. Use in a well ventilated area.

Physical or Chemical Hazards: Combustible. Do not use or store near heat or open flame.

Effective Against:

Methicillin Resistant Staphylococcus aureus (MRSA)

Pseudomonas aeruginosa

Twichophyton mentagrophytes

Methicillin Resistant Staphylococcus aureus (MRSA)

Vancomycin-Resistant Enterococcus faecalis (VRE)

Hepatitis B Virus (HBV)

Hepatitis C Virus (HCV)

Herpes Simplex Virus Types 1 and 2

Human Immunodeficiency Virus (HIV-1)
