PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION
Pest control products are harmful to humans if swallowed, inhaled, or absorbed through the skin. This product is harmful to domestic animals if ingested or absorbed through the skin.

ENVIRONMENTAL HAZARDS
This product is harmful to non-target plants, wildlife, and aquatic life. Use with care around natural areas, such as lakes, ponds, and waterways. Do not apply this product in ways that will cause it to be blown off to non-target areas. Do not use on or near fish-bearing water. If the product is ingested, contact a physician or veterinarian immediately.

USER SAFETY REQUIREMENTS
Read and follow all label directions and precautions carefully. Do not treat non-target species. This product is harmful to fish, birds, and wildlife. Do not apply this product near water, use in a manner that directs the product into water, or allow water to contact areas treated with this product.

FIRST AID
If the product is swallowed, give plenty of water to drink. Do not induce vomiting. Call a physician or veterinarian. If the product is inhaled, remove the person to fresh air. If the product comes in contact with the skin, wash with soap and water. If the product comes in contact with the eyes, flush with plenty of water for at least 15 minutes.

TREATMENT FOR PET POISONING
If a pet ingests this product, contact a veterinarian. Do not induce vomiting. Call the Animal Poison Control Center for assistance at 1-888-426-4435. If a pet comes in contact with the product, avoid direct contact. If a pet comes in contact with the skin, wash with soap and water. If a pet comes in contact with the eyes, flush with plenty of water for at least 15 minutes.

NOTE TO PHYSICIAN OR VETERINARIAN
For more information, call 1-800-288-1630 or visit www.gpwebsite.com. Keep the product out of reach of children and pets. Store in a cool, dry place.
