PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER
Corrosive. May cause irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective eye wear (goggles, face shield or safety glasses), protective clothing and rubber gloves. Harmful if swallowed and/or if absorbed through the skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing before reuse.

FIRST AID
Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth for an unconscious person. If INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance and give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. If SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth for an unconscious person.

ENVIRONMENTAL HAZARDS
Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL
Do not store in direct sunlight. Avoid exposure to hot, humid environments. Store in a cool, dry area. Do not freeze. Do not mix with other cleaning products or with chlorine bleach.

Net Contents: 32 Fluid Ounces

CONFIDENCE PLUS
ONE-STEP GERMICIDAL CLEANER
CLEANS - DISINFECTS - DEOZIDIZES

ACTIVE INGREDIENTS
n-alkyl (50% C14, 40% C12, 10% C16) dimethyl benzyl ammonium chloride.................... 5.60% INERT INGREDIENTS
NON-FLAMMABLE · NON-VOLATILE · ODORLESS
Do Not Mix with soap or other ingredients. For additional information, see technical brochure.

DANGER

KEEP OUT OF REACH OF CHILDREN

DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Confidence Plus is a hospital use disinfectant at 1:128 dilution (1 oz. per gallon). Bactericidal according to the current ACGM Use-Dilution Test Method and Virucidal according to the virucidal qualification modified in the presence of 40 ppm hard water plus 5% organic serum against:

Pseudomonas aeruginosa
Staphylococcus aureus
Staphylococcus aureus Methicillin-Resistant (MRSA) ATCC #33591
Salmonella enterica
Serratia marcescens

* VIRUCIDAL PERFORMANCE
At 1 oz. per gallon use level, Confidence Plus Germicidal Cleaner was evaluated in the presence of 5% serum and 400 ppm hard water for a contact time of 10 minutes at room temperature (20-25°C) against HIV-1 (AIDS VIRUS) found on inanimate, hard, nonporous environmental surfaces.

* Kills HIV on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids in health care settings or other settings in which there is an expected likelihood of contact with inanimate surfaces/objects with blood or body fluids and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

Disinfection of Personal Safety Equipment:
To disinfect personal safety equipment such as hard hats, face shields, goggles, spectacles, protective headgear, hearing protectors, gas masks, and self-contained breathing apparatus (SCBA), Mix 1 cc to 1 gallon of water, apply use solution by immersion or with sponge or cloth as to thoroughly wet surfaces. Let stand for 16 minutes, then thoroughly rinse equipment with clean water. Allow to dry before reuse. Change use solution daily or as it becomes visibly dirty/discolored. Use product in conjunction with the use instructions provided with the safety equipment to avoid damage.

"SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS"

Personal Protection: Clean-up should always be done wearing protective latex gloves, goggles, mask, and eyeprotection.

Cleaning Procedure: Blood and other body fluids containing HIV must be thoroughly cleaned from surfaces and objects before application of Confidence Plus Germicidal Cleaner.

Contact Time: Leave surfaces wet for 10 minutes with 1 oz. per gallon use dilution.

Disposal of Infectious Material: Blood, body fluids, cleaning materials, and clothing must be autoclaved and disposed of according to local regulations for infectious waste disposal.
