<tbody>
<tr>
<td>Ammonium Sulfate, Polyacrylamide and Dimethylosiloxane</td>
<td>34.0%</td>
</tr>
<tr>
<td>Constituents Ineffective as a Spray Adjuvant</td>
<td>66.0%</td>
</tr>
</tbody>
</table>

All ingredients are exempt from tolerance requirements under 40 CFR 180.

WA Reg. No. 65343-90002

### Caution

**Keep Out of Reach of Children**

Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid breathing spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

See inside panel for use directions and first aid information.

**Manufactured For:**

Plant Health Technologies
P.O. Box 70013, Boise, ID 83707
P.O. Box 198, Lathrop, CA 95330

**For Chemical Spill, Leak, Fire, or Exposure Call CHEMTREC (800) 424-9300.**

**Net Contents:**

Peel back book here and reseal after opening.
KICKER PLUS™

GENERAL INFORMATION

KICKER PLUS is a highly active ammonium sulfate drift retardant based solution designed to reduce drift while enhancing herbicide performance by modifying solution pH and water hardness. The ammoniacal nitrogen in KICKER PLUS has been found to promote herbicide (such as glyphosate) uptake in agricultural applications. KICKER PLUS' use of high quality spray grade ammonium sulfate eliminates cold water sedimentation and nozzle plugging commonly found with dry ammonium sulfate. KICKER PLUS also contains a pH stable antifoam which helps control foaming during tank mixing.

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration preferable mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for further treatment advice.

DIRECTIONS FOR USE

FOR USE WITH PRODUCTS REGISTERED FOR: AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, ORNAMENTAL, RIGHTS-OF-WAY AND OTHER USES. THIS PRODUCT CANNOT BE USED FOR AQUATIC APPLICATIONS.

The addition of KICKER PLUS to a tank mix should always follow the review of herbicide labels and their procedures, rates and application requirements. Before using KICKER PLUS, it is recommended that the user be familiar with or conduct a field test to check for phytotoxicity of the herbicide combination.

RECOMMENDED USE RATES

Glyphosate and other tank mixes: Use a rate of 2.5% (2.5 gallons/100 gallons solution) for 8.5 lbs. of ammonium sulfate/100 gallons. Use a rate of 5% (5 gallons/100 gl solution) for 17 lbs. of ammonium sulfate/100 gallons.

USE PRECAUTIONS

The degree of drift hazard varies with the type of pesticide, application conditions, and vegetation near the sprayed area. Common sense and sound application technology must be followed when spraying pesticides. KICKER PLUS will retard but not totally eliminate drift.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not allow to freeze. For optimum storage stability, store at temperatures between 40°F (5°C) and 90°F (32°C). Avoid contact with iron clad, copper and copper bearing materials. Do not store near oxidizing materials.

DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.
DISCLAIMER OF WARRANTIES: Seller warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation are beyond the control of seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of seller's liability. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon seller.
