DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

TO CLEAN AND DISINFECT TOILET BOWLS & URINALS:

Toilet Bowls:
1. Remove water from bowl by forcing over trap with applicator. 2. Remove excess water from applicator by pressing it against side of toilet. 3. Pour 1 oz of product into applicator. 4. Scrub around and especially under the rim of water outlets. 5. Wait 1 minute. Then flush.

Urinals:
1. Apply product directly to soil surface, including water outlet areas. 2. Pour 1 oz of product into applicator. 3. Clean out urine and especially under rim of water outlets. 4. Remove excess urine from disposer and apply 1 oz of product directly on water outlets again. 5. Wait 1 minute. Flush and rinse applicator.

If you spill... The product is a powerful cleaner. Never use full strength on strong, chrome, stainless steel, paint or non-porous material. If spillage onto these surfaces occurs, rinse immediately with plenty of water and wipe with a clean cloth at once.

"KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS" is a health care setting or other settings where there is an expected likelihood of soiling with infectious diseases with blood or body fluids and in which the surfaces objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus (HIV-1) associated with AIDS.

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS) VIRUS ON SURFACES SOILED WITH BLOOD/BODY FLUIDS**

Personal Protection: Disposable latex or vinyl gloves. Goggles, face mask, or eye covering as appropriate, must be worn during all cleaning of body fluids, blood, and decontamination procedures.

Cleaning Procedures: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant.

Contact Time: Allow surface to remain wet for 1 minute.

Disposal of Infection Materials: Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

STORAGE AND DISPOSAL

Keep out of reach of children. Do not reuse empty container. Wrap container and place in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
