quickly eliminates rust, lime and scale acid deposits.
eliminates offensive odors.
kills the following germs: Pseudomonas aeruginosa, Staphylococcus aureus and Salmonella cholerasuis.
will not harm bacteria action of septic tanks.
Recommended for use in commercial and industrial buildings, schools, manufacturing plants, hotels and rentals.

Directions for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To clean toilet bowls and urinals
Pour 1 oz. of bowl cleaner on applicator. Clean entire unit, especially under rim at water outlets.

To disinfect toilet bowls and urinals
A preliminary cleaning is required for the removal of gross dirt prior to disinfection.
1. Remove water from bowl or urinal by forcing over trap with applicator.
2. Remove excess water from applicator by pressing if against side of bowl.
3. Holding applicator over bowl or urinal, pour 1 oz. of toilet bowl cleaner on applicator.
4. Clean entire unit, especially under rim at water outlets. Allow to remain 10 minutes.
5. Flush and rinse out applicator.

Do not use on sinks, tubs, or other porcelain enamelled surfaces. Use of this toilet bowl cleaner on other than vitreous ware is done at user's risk.

Effective Against HIV-1 (AIDS Virus): Product was evaluated and found to be an effective virucide in the presence of 5% serum against the HIV-1 (Human Immunodeficiency Virus 1), commonly referred to as AIDS Virus, on inanimate surfaces.

Kills HIV on Prefilled Environmental Surfaces/Objects Previously Soiled with Blood/Body Fluids in health care settings (Hospital, Nursing Homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS).

Special Instructions for Cleaning and Decontamination Against HIV on Surfaces/Objects Soiled with Blood/Body Fluids.

Personal Protection: Disposable long gloves, gowns, masks, and splash resistant goggles must be worn when handling items soiled with blood or body fluids.

Cleaning Procedures: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfectant.

Contact Time: Leave surface wet for 10 minutes.

Disposal of Infectious Materials: Blood and other body fluids should be disposed of in accordance with local regulations for infectious waste disposal.

Precautionary Statements
Hazards to Humans and Domestic Animals
Danger: Corrosive. Causes eye and skin damage. May be fatal if swallowed. Do not breathe vapors or fumes. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Use with adequate ventilation.

Physical and Chemical Hazards: Never use with chlorine products. Can react to give chlorine gas. If this occurs, flush toilet to remove chemicals and leave area. Do not return for half an hour. Ventilate if possible. Never use or mix with other cleaners or chemicals. Do not use on any surface that can be damaged by acidic materials. Many surfaces are not resistant to acid. Do not use on PVC finished surfaces.

Storage and Disposal
Store in an area inaccessible to children. Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. Otherwise, wrap empty container in plastic bag and discard in trash.

Other Ingredients Include: Detergents, emulsifying surfactant agents and essential oils.
