FOR COMMERCIAL AND INDUSTRIAL USE ONLY
#4716 NET CONTENTS: 2 Liters / 67.6 Fl. Oz.

NABC Concentrate is a non-acid formulation designed
to disinfect, sanitize, clean and deodorize toilet bowls,
urinals, chrome, shower curtains and doors, vanity
tops, tub and sink surfaces and fixtures, bathtubs,
showers, sinks, fiberglass, synthetic marble, stainless
steel, glass, vinyl, and other hard nonporous bathroom
surfaces.

NABC Concentrate is recommended for use in
schools, public buildings, restaurants, bars, cafeterias,
offices buildings, hotels, motels, churches, factories,
manufacturing sites/facilities, food processing plants,
apartment buildings, athletic/recreation facilities, public
restrooms and bathrooms.

NABC Concentrate provides 700 ppm of quaternary
germicide at use-dilution.

Directions for Use: It is a violation of
Federal law to use this product in a
manner inconsistent with its labeling.
Preliminary cleaning is required for
heavily soiled areas.

One-Step Cleaning and Disinfecting
Toilet Bowls and Urinals
1. Remove water from the bowl by
forcing it over the trap with a
swab mop.
2. Liberally apply NABC Concentrate
at 2 oz. per gallon of water to the
exposed surfaces. Swab the exposed surfaces
including under the rim.
3. Allow NABC Concentrate to remain wet on surfaces
for 10 minutes.
4. Flush toilet or urinal and rinse swab mop thoroughly.
One-Step Cleaning/Deodorizing/Disinfecting
Hard, Non-Porous Surfaces: For one-step cleaning, deodorizing, and disinfecting in the presence of 5% organic soil use NABC Concentrate at 2 oz. per gallon of water. Apply with a mop, cloth or coarse spray device. Treated surface must remain wet for 10 minutes. Allow to air dry or wipe off with a clean cloth or paper towel.

Cleaning, Sanitizing and Deodorizing Hard Non-Porous Surfaces: Use NABC Concentrate at 2 oz. per gallon of water. Apply with a mop, cloth or coarse spray device. Treated surface must remain wet for 30 seconds. Wipe off with a clean cloth or allow to air dry. When used as directed for sanitization this product is effective against Staphylococcus aureus and Enterobacter aerogenes.

Prepare fresh solution daily or more often if solution becomes visibly dirty, diluted, or soiled. Rinsing of floors is not necessary except before application of a floor finish or polish.

Before using this product in food processing areas, all food products and packaging materials must be removed from the room or carefully protected. After use, all food contact surfaces must be thoroughly rinsed with potable water before reuse. Do not use this product to disinfect or clean utensils, glasses, dishes, or cookware.

*KILLS HCV, HBV AND HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Hepatitis C Virus (HCV), Hepatitis B Virus (HBV) and human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HCV, HBV AND HIV-1 ON SURFACES OR OBJECTS SOILED WITH BLOOD/BODY FLUIDS: PERSONAL PROTECTION: Exposure to blood or body fluids should be avoided by use of barrier protection such as latex or other impervious gloves. Face shields and impervious gowns should also be worn if splashing of blood or body fluids may occur.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of NABC Concentrate. CONTACT TIME: Leave surfaces wet for 10 minutes.

DISPOSAL OF INFECTIOUS MATERIAL: Contaminated cleaning materials, blood and other body fluids should be autoclaved and/or disposed of according to local regulations for infectious waste disposal.

PRECAUTIONARY STATEMENTS
Hazard to Humans and Domestic Animals
DANGER. Corrosive. Causes irreversible eye damage. Harmful if absorbed through the skin. Harmful if swallowed. Do not get in eyes, skin or on clothing. Wear protective eye wear (goggles/face shield/safety glasses), rubber gloves and protective clothing. After product is diluted in accordance with the directions for use, protective eye wear is not required. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Do not attempt vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

24 HOUR MEDICAL EMERGENCY NUMBER: 888-314-6171

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN
Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in original container in a cool, dry place.

Container Disposal: Securely wrap original container in several layers of newspaper and discard in trash.
