PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS & DOMESTIC ANIMALS CAUTION

Harmful if absorbed through the skin. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Avoid breathing dusts.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Some materials that are chemical resistant to this product are listed below. If you want more options, follow the instructions for category A in an EPA chemical resistance category selection chart.

- Loaders, applicators and other handlers must wear:
  - Long-sleeved shirt and long pants.
  - Shoes plus socks, and
  - Chemical resistant gloves made of any approved material such as polyethylene or polyvinylchloride.

In addition, applicators using hand-drawn backpack sprayers and all loaders must wear a NIOSH-approved particulate filtering respirator equipped with N, R, or P class filter media. The respirator should have a NIOSH-approved number prefix TO-084-000. It is recommended that you require the respirator wearer to be fit tested, trained in the use, maintenance, and limitations of the respirator.

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Users should wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. Wash the inside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID

IF IN EYES:
- Hold eyes open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.
- Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF INHALED:
- Move person to fresh air.
- If person is not breathing, call 911 orambulance, then give artificial respiration, preferably mouth to mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

IF SWALLOWED:
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

For emergency information, contact CHEMTREC at 1-800-242-9302 (24 hours).

I have the product container or label with you when calling a poison control center or doctor, or going for treatment.

ENVIRONMENTAL HAZARDS

For terrestrial use, do not discharge effluent containing this product into lakes, streams, ponds, septic tanks, cesspools, or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

For terrestrial use, do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water or posttreatment. Apply this product only as specified on this label.

PHYSICAL AND CHEMICAL HAZARDS

TOPSITE 25G should be stored only in lined paper bags, stainless steel, fiberglass, plastic and plastic-lined steel containers.

DO NOT store TOPSITE 25G herbicide in unlined steel (except stainless steel) containers.

IMPORTANT

DO NOT use on food or feed crops. DO NOT treat irrigation ditches, or water used for crop irrigation or for domestic uses. DO NOT apply where small or irrigation water may flow onto agricultural lands as it may cause injury to crops may result. Keep from contact with fertilizers, insecticides, fungicides and herbicides. DO NOT apply or rinse equipment on or near edible trees or other plants, or on areas where their roots could extend, or locations where the chemicals may be washed or moved into contact with their roots. DO NOT use on lawns, walks, driveways, tennis courts, or similar areas. DO NOT use in California.

The requirements in this box apply to use of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, farmlands, nurseries, or greenhouses. Do not enter or allow others to enter the treated area until dusts have settled.

GENERAL INFORMATION

TOPSITE 25G herbicide is recommended for control of many annual and perennial grasses and broadleaf weeds on noncropland areas such as railroad, utility, pipeline and highway rights-of-way, petroleum tank farms, pumping installations, above ground storage areas, non-cropland lawns and other similar areas. TOPSITE 25G herbicides may be applied at any time throughout the year; however, for maximum effectiveness, the product should be applied prior to weed emergence or when weeds are small. In addition, TOPSITE 25G herbicide should be applied prior to expected rainfall. The degree and duration of control of Kochia and other weed species will depend upon the amount of product applied, the amount of rainfall, soil texture, and other environmental and biological factors.

DISCLAIMER

The label instructions for the use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the use or application of the product contrary to federal or state regulations, all of which are beyond the control of SSI Maxom Company, Inc. All such risks shall be assumed by the user.

SSI Maxom Company, Inc. warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use hereinafter described when used in accordance with the directions of use, subject to the risks referred to above. Any damages arising from a breach of this warranty shall be limited to direct damages and shall not include consequential or commercial damages such as loss of profit or value of any other special or indirect damages.

SSI Maxom Company, Inc. makes no other express or implied warranty, including other express or implied warranty of FITNESS or MERCHANTABILITY.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

DO NOT contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store product in original container only, away from other pesticides, fertilizers, food, or feed.

PESTICIDE DISPOSAL: Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. CONTAINER DISPOSAL FOR BAGS: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. Used bags also should not be out of smoke.

CONTAINER DISPOSAL FOR PAUL: Triple rinse (or equivalent). Then offer for recycling or disposal of a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. It should not be out of smoke.

APPLICATION INSTRUCTIONS

Uniformly apply TOPSITE 25G herbicide with properly calibrated ground equipment, including hand-held sprayers, at a rate of 200 to 500 lbs. per acre (0.45-0.97 lb/100 sq. ft.). Application with a sprayer, a pump-up backpack sprayer or a gravity-feed backpack sprayer is prohibited.

Use of this product in certain portions of California, Oregon, and Washington is subject to the January 25, 2004 Order for injunctive relief in Washington District Court et al., v. E. P. CO1-0128C, (W.D. WA). For further information, please refer to http://www.epa.gov/oppptMOV/.

ENTRY RESTRICTIONS

Do not enter or allow others to enter the treated area until dusts have settled.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Rights-of-Way/Non-Crop Areas:

Maximum rates per application:
- 12.0 pounds diuron active ingredient per acre in areas of high rainfall or dense vegetation.
- 8.0 pounds diuron active ingredient per acre in all other areas.

Apply a maximum of two applications per year.

Minimum retreatment interval: 90 days.
A preemergent/early postemergent application of TOPSITE 2.5G herbicide will control many weed species, including the following:

**GRASSES**

Annual bluegrass (Poa annua)
Bahiagrass (Paspalum notatum)
Beardgrass (Andropogon spp.)
Bermudagrass (Cynodon dactylon)
Big bluestem (Andropogon gerardii)
Broadleaf signalgrass (Brachiaria platyphylla)
Browntop millet (Brachiaria ramosa)
Canada bluegrass (Poa compressa)
Cattail (Typha spp.)
Centipedegrass (Eremochloa ophiuroides)
Cheat (Bromus secalinus)
Crapgrass (Digitaria spp.)
Dallisgrass (Paspalum dilatatum)
Downy brome (Bromus tectorum)
Fall panicum (Panicum dichotomiflorum)
Fescue (Festuca spp.)
Foxtail (Setaria spp.)
Goosegrass (Eleusine indica)
Guineagrass (Panicum maximum)
Italian ryegrass (Lolium multiflorum)
Johnsongrass (Sorghum halepense)
Kentucky bluegrass (Poa pratensis)
Lovegrass (Eragrostis spp.)
Orchardgrass (Dactylis glomerata)
Paragras (Brachiaria mutica)
Prairie coregrass (Spartina pectinata)
Prairie threeawn (Aristida oligantha)
Quackgrass (Agropyron repens)
Sandbur (Cenchrus spp.)
Sand dropseed (Sporobolus cryptandrus)
Smooth brome (Bromus inermis)
Timothy (Phleum pratense)
Torpedograss (Panicum repens)
Vaseygrass (Paspalum urvillean)
Wild barley (Hordeum spp.)
Wild iris (Iris versicolor)
Wild oats (Avena fatua)
Wiestemuhly (Muhlenbergia frondosa)
Witchgrass (Panicum capillare)

**BROADLEAF WEEDS**

Clover (Trifolium spp.)
Cocklebur (Xanthium strumarium)
Common chickweed (Stellaria media)
Common ragweed (Ambrosia artemisiifolia)
Dandelion (Taraxacum officinale)
Dock (Rumex spp.)
Dogfennel (Eupatorium capillifolium)
Eclipta (Eclipta prostrata)
Filaree (Erodium spp.)
Fleabane (Erigeron spp.)
Florida beggarweed (Desmodium tortuosum)
Florida pusley (Richardia scabra)
Giant ragweed (Ambrosia trifida)
Hoary vervain (Verbena stricta)
Horseweed (Conyza canadensis)
Indian mustard (Brassica juncea)
Kochia (Kochia scoparia)
Lambquarters (Chenopodium album)
Lespedeza (Lespedeza spp.)
Little mallow (Malva parviflora)
Milkweed (Asclepias spp.)
Miners lettuce (Montia perfoliata)
Mullein (Verbascum spp.)
Nettleleaf goosefoot (Chenopodium murale)
Oxeye daisy (Chrysanthemum leucanthemum)
Pepperweed (Lepidium spp.)
Pigweed (Amaranthus spp.)
Plantain (Plantago spp.)
Poison hemlock (Conium maculatum)
Pokeweed (Phytolacca americana)
Primrose (Oenothera kentiana)
Prostrate knotweed (Polygonum aviculare)
Purslane (Portulaca spp.)
Silverleaf nightshade (Solanum elaeagnifolium)
Smartweed (Polygonum spp.)
Surriel (Rumex spp.)
Sowthistle (Sonchus spp.)
Sunflower (Helianthus spp.)
Sweet clover (Melilotus spp.)
Tansymustard (Descurainia pinnata)
Texas thistle (Cirsium texanum)
Western ragweed (Ambrosia psilostachya)
White heath aster (Aster pilosus)
Wild carrot (Daucus carota)
Wild lettuce (Lactuca spp.)
Wild parsnip (Pastinaca sativa)
Wild turnip (Brassica campestris)
Woollyleaf burnage (Ambrosia grayii)
Yellow starthistle (Centaurea solstitialis)
Yellow woodssorrel (Oxalis stricta)
