DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

TO CLEAN: Remove cap, shake, spray evenly over the surface, wipe clean. For heavily soiled surfaces, allow foam to remain for a minute before wiping.

TO DISINFECT: Clean surface thoroughly as directed above. Then spray a thin coat of foam, making sure it covers the entire surface to be disinfected. Allow to remain for at least 10 minutes, then wipe off with clean damp cloth.

Rinse all surfaces that come in contact with food such as food processing equipment, tables, counters, appliances with potable water. Do not use on utensils, dishes, or cookware.

FOOD PROCESSING PLANT DIRECTIONS: Before using this product, food products and packaging materials must be removed or carefully protected. Use on floors, walls, tables, or other hard nonporous surfaces. Follow directions for disinfection directions.

KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: Disposable gloves should be worn when cleaning blood, body fluids, or contaminated items. Hands should be washed immediately and thoroughly after gloves are removed, or if hands are contaminated with blood or body fluids. Masks and protective eyewear or face shields should be worn during cleaning procedures involving blood or body fluids. Gowns or aprons should be worn during cleaning procedures for protection against splashes of blood or other body fluids.

CLEANING PROCEDURE: Blood and other body fluids must be thoroughly cleaned from surfaces and objects with a suitable detergent before application of the disinfectant. After cleaning is complete, follow disinfection directions described previously.
