Kills wasps, hornets, yellow jackets and bees
Kills nest and insects with residual action
Can be used both indoors (attics and other places where nests are build) and outdoors on wasp & hornet nests

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Read Entire Label.
For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest and not directly underneath. Hold can upright and point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.
To kill wasps, hornets, yellow jackets and bees under eaves, screens, window frames, doors, patios, cracks, holes or crevices wherever insects are noticed, spray about 1 - 2 seconds or until surfaces are moist. To prevent entrance of insects into the house, spray around points where insects enter such as outside plumbing, fascia, etc., and cracks or crevices in foundation as well as along sills and ledges.
Do not use in commercial food/feed handling establishments, restaurants or other sites where food/feed is commercially processed. Not for use in federally inspected meat and poultry plants.
Do not apply to pets or consume feed, foodstuffs, dishes or utensils. Avoid spraying vegetation directly.

PRECAUTIONARY STATEMENTS
Hazards To Humans & Domestic Animals
CAUTION Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.
FIRST AID- IF IN EYES: rinse open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-657-1191 for emergency medical treatment information.
NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia.
ENVIRONMENTAL HAZARDS- This product is toxic to fish and aquatic invertebrates. Do not apply directly to water.
PHYSICAL OR CHEMICAL HAZARDS- Contains under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

STORAGE AND DISPOSAL
STORAGE: Store in a cool dry area away from heat or open flame.
DISPOSAL: Do not puncture or incinerate.
If empty: Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Buyer assumes all risk of use, storage or handling of this product not in strict accordance with directions given hereon.
