Prescription Treatment® brand
Pyrethrum TR
Micro Total Release Insecticide

TREATS UP TO 3,000 SQUARE FEET. FOR COMMERCIAL USE ONLY

ACTIVE INGREDIENTS:
Pyrethrins ........................................ 40%
Permethrin, Technical ....................... 10%
OTHER INGREDIENTS: ................................... 80%
Contains petroleum distillates.
Equivalent to 12.8% (polyisobutyl-3-propylisobutyl) ether and 3.2% related compounds.

EPA Reg. No. 499-479 • EPA Est. No. 75932-MO-1

KEEP OUT OF REACH OF CHILDREN
CAUTION
See inside booklet for First Aid, Precautionary Statements, Directions for Use and Storage and Disposal.

NET WEIGHT: 2 oz

Manufactured for:
Whitme Micro-Gen Research Laboratories, Inc.®
by BASF Corporation
5555 Tree Court Industrial Blvd.
St. Louis MO 63125-6642

KILLS: Ants (excluding Fire Ants), Aphids, Beetles (Colorado Potato Beetle, Confused Flour Beetles, Cucumber Beetles, Dried Fruit Beetles, Flea Beetles, Red Flour Beetles, Watermelon Beetles), Cabbage Worms, Cutworms, Caterpillars, Crickets, Fungus Gnats, Hornworms, Indian Meal Moths, Leishmannia, Mealy Bugs, Mediterranean Flour Moths, Mites, Moths,公社 Aphids, Rose Chafer, Rose Slugs, Scute, Silverfish, Spider Mites, Spiders, Trogoderma, Trips, and Whiteflies

FOR USE IN: Greenhouses and Nurseries

MAY BE USED ON: Bedding Plants, Cut Flowers, Flowering Hanging Baskets, Foliage, Potted Flowering Plants and Ornamentals

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give ANY liquid to the person. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 min. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15 - 20 min. Remove contact lenses, if present, after the first 5 min, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial
respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
You may also contact 1-800-BAB-E-HELP for emergency medical treatment information.
NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonitis. Treatment is symptomatic. Antihistamines are of value.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Do not contaminate water, food, food stuffs or feed. Remove all pets. Cover fish tanks or remove. Wear long-sleeved shirt and long pants, socks and shoes and chemical-resistant gloves (such as Nitrile, Butyl, Neoprene and/or Barrier laminate).

USER SAFETY RECOMMENDATIONS

Users should:
• Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
• Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
• Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

PERSONAL PROTECTIVE EQUIPMENT: Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category R on an EPA chemical resistance selection chart.

APPICATERS AND OTHER HANDLERS MUST WEAR: Long-sleeved shirt and long pants, chemical-resistant footwear plus socks, and chemical-resistant gloves (such as Nitrile, Butyl, Neoprene and/or Barrier Laminate or PVC or Viton), and a NIOSH-approved respirator with an organic vapor (OV) cartridge or canister with any P, R or P HE prefilter. Follow manufacturer’s instructions for cleaning/maintaining PPE. Ifrouch soxscoks fo washing, use detergent and hot water. Keep and wash PPE separately from other laundry.

ENVIRONMENTAL HAZARDS
This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present or to intermittent areas above the mean high water mark.

PHYSICAL OR CHEMICAL HAZARDS
Extremely Flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause burning. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the “Directions for Use” on this label very carefully.

HIGHLY FLAMMABLE INGREDIENT
Highly Flammable Inertant

DIRECTIONS FOR USE
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Contents of container must be at room temperature before use. Therefore, cans must be stored at room temperature (above 60°F) for 24 hours before application. Make sure spray is undisturbed above units by foliage or other physical objects in order to obtain maximum distribution of fog.
NOTICE: Good greenhouse management must overrule the use of this product when any conditions might be created by tightly closing greenhouses that would harm plant foliage or flowers. Example: Creation of high temperatures or humidity conditions. Do not use this product in greenhouses with unvented or defective gas heating systems or when open combustion exists.

AGRICULTURAL USE REQUIREMENTS:

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE). The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during restricted entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, inc: overalls, chemical-resistant gloves, such as Barrier laminates or Butyl rubber or Neoprene rubber or PVC or Viton and shoes plus socks.

PRE-APPLICATION DIRECTIONS: For best results, apply during early evening when foliage is dry and temperature is between 60° - 80°F. Do not place cans within 10 horizontal ft of any ignition source such as pilot lights, other open flames, or running electrical appliances that cycle on and off. Shut off all exhaust fans and close all windows, doors and ventilators. Keep greenhouse closed for four hours, preferably overnight, following treatment. All humans occupants and pets must be removed before treatment. Greenhouse must be ventilated according to the requirements of the Worker Protection Standard before re-entry.

TOTAL RELEASE DOSAGE: Initially two applications should be made one week apart. Additional applications should be applied at two week intervals as long as immature insects are present or adult egg laying is expected.

Use one 2 oz can/3,000 ft² in situations where insect control is difficult due to tough-to-control insects or high crop density, it is permissible to use one 2 oz can for 1,500 - 3,000 ft². For smaller greenhouses between 1,500 - 3,000 ft², use one 2 oz can.

TO ACTIVATE CANS: Start with can farthest away from exit door. Activate each can by pressing tab down and locking it. Leave greenhouse at once. The entire contents will release automatically.

FOR USE INDOORS ON
Bedding plants (such as): Impatiens, marigolds, petunias, geraniums and garden mums
Cut flowers (such as): roses, chrysanthemums, carnations, snapdragons and orchids
Flowering hanging baskets (such as): fuchsias, lantana, New Guinea Impatiens, ivy, and geraniums
Foliage (such as): Boston fern, dracaena, ficus, scheffleras and philodendron
Potted flowering plants (such as): poinsettia, chrysanthemums, florists' azaleas, lilies, African violets, geraniums, hibiscus, kalanchoes and begonias
Ornamentals (such as): azalea, barberry, cotoneaster, euonymus, holly, ilex, juniper, oak, pine, rhododendron, roses, spirea, spurge, viburnum and yew
ALSO THESE GROWING CROPS
Root and Tuber Vegetables (such as): beets, carrots, potatoes, radishes, sweet potatoes and turnips
Bulb Vegetables (such as): garlic and onion
Leafy Vegetables (such as): celery, endive, lettuce, parsley and spinach
Brassicaceae (Cauliflower) Leafy Vegetables (such as): broccoli, brussels sprouts, cabbage, cauliflower, collards, kale and mustard greens
Legume Vegetables (such as): field peas, garden peas, lima beans, snap beans and soybeans
Fruiting Vegetables (such as): eggplant, peppers and tomatoes
Cucurbita Vegetables (such as): cucumbers, melons, pumpkins, squash and watermelons
Herbs (such as): basil, chives, fennel, marjoram, oregano, parsley and thyme

PLANT SAFETY INFORMATION
This product has been tested on a wide variety of plants and in our opinion has demonstrated excellent plant safety. However, not all varieties or strains of the plants listed have been tested. Unintentional consequences such as crop injury or ineffectiveness may result because of certain environmental or growing conditions, manner of use or application, and insect resistance. Therefore, before treating a large number of plants, spray a few plants and observe for plant damage and for performance prior to full scale application.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store in a cool dry place away from heat or open flame. This product is extremely flammable.
Pesticide Disposal: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.
