PRINCIPAL FUNCTIONING AGENTS:  
Alkyl Aryl Polyoxyethylene, Ethoxylated Alcohols, and Aliphatic Acid .......................................................... 70% 
Constituents Ineffective as Spray Adjuvants .................................................................................................................... 30% 
TOTAL ............................................................................................................................................................... 100%

Surfactant Content ................................................................. 62%

KEEP OUT OF REACH OF CHILDREN 
CAUTION
Causes eye irritation. In case of contact with eyes, immediately flush eyes with water for at least 15 minutes. Wear proper eye protection to reduce splash exposure. Harmful if swallowed. May cause skin irritation. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

DIRECTIONS FOR USE
ACIDIFYING AGENT: Use 1/4 to 2 pints per 100 gallons of water. For best results add to water first.

INSECTICIDES, MITICIDES: Use 1/4 to 1 pint per 100 gallons spray solution.

HERBICIDES, DEPOLLANTs: Use 1 to 4 pints per 100 gallons spray solution.

SUPER SPREAD 7000 is designed to improve the efficiency of agricultural chemicals by buffering the spray solution, increasing spreading action and promoting more uniform coverage.

SUPER SPREAD 7000 should be the first ingredient added to the spray tank for buffering. Add last if the primary purpose is spreading.

Note: Do not use SUPER SPREAD 7000 with copper fungicides.

Not for aquatic use.

STORAGE AND DISPOSAL
PROHIBITIONS: Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

STORAGE: Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring.

PESTICIDE DISPOSAL: Improper disposal of excess spray mixtures or rinsate is a violation of federal law. Wastes resulting from use of this product should be disposed of through on site spray application or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or other procedures approved by state and local authorities.

WARRANTY STATEMENT
WILBUR-ELLIS COMPANY warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of WILBUR-ELLIS COMPANY. In no case shall WILBUR-ELLIS COMPANY be liable for consequential, special or direct damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. The exclusive remedy of any buyer or user of this product for any and all losses, injuries, or damages resulting from or in any way arising from the use, handling or application of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid for this product or at WILBUR-ELLIS COMPANY’S election, the replacement of this product. WILBUR-ELLIS COMPANY MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.
