ADMIRAL® LIQUID

Restricts wavelengths of sunlight to control algae and aquatic vegetation

Active Ingredients:
- Algal Bloom Reducer
- Algal Bloom Inhibitor
- EPTD

Keep Out of Reach of Children
CAUTION
See back label for additional precautionary statements

NET CONTENTS: 275 Gallons

Manufactured by:
BECKER UNDERWOOD INC.
Made in U.S.A.
**USER SAFETY RECOMMENDATIONS**

Admiral Liquid is usually applied directly from the container near the streamline, however, Admiral Liquid may even be applied while tank is still covering a body of water. Pour Admiral Liquid on the bank in a circle approximately one yard apart. Treated to diameter. The tree will wash and Admiral Liquid will be dispersed into the water beneath the tree. Physical removal or other aquatic weed control methods may be used before or after applications of Admiral Liquid. When using an aquatic herbicide, follow all herbicide instructions, precautions and directions for use.

**RECOMMENDED DOSAGE RATES**

**1 acre-foot** | **2 acre-feet** | **1.5 acre-feet** | **4.5 acre-feet** | **2 acre-feet**
---|---|---|---|---
1 fench (245.5 gal) | 0.5 | 1.0 | 0.25 | 0.5 | 2.0
2 fench (490 gal) | 1.0 | 2.0 | 0.5 | 1.0 | 4.0
3 fench (735 gal) | 1.5 | 3.0 | 0.75 | 1.5 | 6.0
4 fench (980 gal) | 2.0 | 4.0 | 1.0 | 2.0 | 8.0
5 fench (1225 gal) | 2.5 | 5.0 | 1.25 | 2.5 | 10.0

(1) The following weeds are controlled at 1 ppm when growing at depths greater than 2 feet: Alisma plantago-aquatica, Elodea canadensis, Myriophyllum sibiricum, Potamogeton spp., Zannichellia palustris, Nymphoides peltata, Nuphar luteum, and Rorippa nasturtium-aquaticum. (2) For prevention of Hylotelephium production, apply at 2 ppm after a herbicidal treatment.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal. Pesticide storage: Store above 50°F (10°C). Pesticide disposal: Wastes resulting from the use of the product may be disposed of in the same manner as treated water. CONTAINER DISPOSAL: Non-refillable containers: Do not reuse or refill the container. Do not remove or replace seals. Follow all disposal instructions./documents.

**PRECAUTIONARY STATEMENTS**

**Hazard to Humans and Domestic Animals**

**CAUTION:** Harmful if swallowed. Harmful if swallowed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wear long sleeved shirt, long pants, shoes, socks, and mark-resistant gloves made of any water-proof material. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**IN CASE OF EMERGENCY CALL CHEMTREC AT: 800-528-6000**

**USER SAFETY REQUIREMENTS**

Follow manufacturer's instructions for application/preparation. USE only INCONSIDERABLE PPE. IF mouth instructions for washable action, use dishwasher and hot water. Keep and wash PPE separately from other laundry.

**USER SAFETY REQUIREMENTS**

Follow manufacturer's instructions for application/preparation. USE only INCONSIDERABLE PPE. IF mouth instructions for washable action, use dish washer and hot water. Keep and wash PPE separately from other laundry.

**ENVIRONMENTAL HAZARDS**

Suitable non-treux (tablets), water (water) to wash for wash; it is advisable to use this product only as specified in this label. Do not apply unless appropriate washable conditions are present, with conditions or location. Do not apply where washable is likely to occur.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with the labeling.

**APPLICATIONS**

Use in expected or known water sources, lakes, streams, coastal areas, and estuaries. Water must be used in the complete control of the user and have little or no surface (1.0 ppm) concentration must be maintained. Do not apply directly to streams, or any body of water that may be used for human consumption. Do not apply to water for swimming if 1.0 ppm is used, or 0.5 ppm is used.

**APPLICATION PROCEDURES**

Admiral Liquid is easy to apply and requires no special precautions. Dilute the recommended dosage rate for suggested rates. Optimum results are achieved by applying prior to or early in the growing season when weeds are on the bottom of a body of water or when weeds are less than 2 feet deep. Apply at 2.5 to 5.0 feet deep as needed during the growing season.

**ADDITIONAL INFORMATION**
