PRODUCT USE: Kills all types of weeds & grasses

How it Works: Roundup® Weed & Grass Killer Super Concentrate is absorbed by the weed's leaves. It moves through the stem to the roots, killing the entire root system. It is not to be broadcast or directly applied to the soil. Do not apply this product to edible plants. For best results, use before weeds become large. This product is non-ionic and will not soil. Use within 4 days will complete work in 1-2 weeks.

Where to Use:
- Pre-planting: A non-ionic herbicide, when used according to label directions, does not soil and will not affect most plants. Do not apply to edible plants.
- This product is not recommended for use on vegetables, strawberries, tobacco, or kernels.
- It should also not be applied to any soil or near the base of plants whose foliage comes into contact with the spray. It will not move into the soil or through the root system of the plant. Do not apply to edible plants or soil where edible plants will grow.

Spraying Instructions:
- Use in a Roundup® Sprayer. To use a Roundup® Sprayer, always read the instructions on the label. The Sprayer delivers a low-pressure spray that is effective on a wide range of plants. For best results, use before weeds become large. This product is non-ionic and will not soil. Use within 4 days will complete work in 1-2 weeks.
- Apply to the upper surface of weeds. Do not apply to the soil or near the base of plants whose foliage comes into contact with the spray. It will not move into the soil or through the root system of the plant. Do not apply to edible plants or soil where edible plants will grow.
- When spraying, always wear a long-sleeved shirt and pants, gloves, and safety glasses. Do not apply this product to edible plants or soil where edible plants will grow.

Additional Tips:
- Apply to the upper surface of weeds. Do not apply to the soil or near the base of plants whose foliage comes into contact with the spray. It will not move into the soil or through the root system of the plant. Do not apply to edible plants or soil where edible plants will grow.
- Do not walk on treated areas for 48 hours after application.

Storage & Disposal:
- Store in a cool, dry place away from food, feed, or water.
**Roundup® Weed & Grass Killer Super Concentrate**

**Cautions and Warnings**

**CAUTION**
- Contains moderate eye irritants. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.
- Keep out of reach of children.
- Do not allow children to enter treated areas after spray has dried.
- Harmful if swallowed, inhaled, or absorbed through skin.
- Call a Poison Control Center: 1-800-835-5737 or doctor for treatment advice.
- After contact: 1-800-335-1515 for emergency medical assistance.

**STORAGE AND DISPOSAL**

- Store in original container away from foods, feeds, and pet foods.
- Do not contaminate water, food, or feed by either disposal route.
- Do not incinerate. May produce toxic fumes in fire.
- Dispose of containers and unused product in a sanitary landfill or by incineration.
- Do not contaminate water, food, or feed by disposal through a sanitary sewer.
- Follow all federal, state, and local regulations.

**Ingredient Statement**

**Active Ingredients**
-glyphosate
- glycine betaine

**Other Ingredients**
- surfactant
- water

**Usage Information**

For use on:
- Annual grass weeds
- Broadleaf weeds
- Grasses

**Precautionary Statements**

**Keep Out of Reach of Children**

- Children should not enter treated areas until spray has dried.
- Children should not be allowed to enter treated areas until spray has dried.
- Call a Poison Control Center: 1-800-835-5737 or doctor for treatment advice.
- After contact: 1-800-335-1515 for emergency medical assistance.

**Handling Information**

**CAUTION**
- Keep out of reach of children.
- Do not allow children to enter treated areas after spray has dried.
- Harmful if swallowed, inhaled, or absorbed through skin.
- Call a Poison Control Center: 1-800-835-5737 or doctor for treatment advice.
- After contact: 1-800-335-1515 for emergency medical assistance.

**Environmental Considerations**

- Do not contaminate water, food, or feed by either disposal route.
- Do not incinerate. May produce toxic fumes in fire.
- Dispose of containers and unused product in a sanitary landfill or by incineration.
- Do not contaminate water, food, or feed by disposal through a sanitary sewer.
- Follow all federal, state, and local regulations.

**Unintended Ingestion**

If swallowed, do not induce vomiting. Give at least 1 cup of water. Call a Poison Control Center: 1-800-835-5737 or doctor for treatment advice.

**Inhalation**

If inhaled, move the person to an area of fresh air. If symptoms of illness persist, call a Poison Control Center: 1-800-835-5737 or doctor for treatment advice.

**Skin Contact**

If skin contacted, wash with soap and water. If symptoms of illness persist, call a Poison Control Center: 1-800-835-5737 or doctor for treatment advice.

**Eye Contact**

If eyes contacted, flush with water for at least 15 minutes, then get medical advice. If symptoms of illness persist, call a Poison Control Center: 1-800-835-5737 or doctor for treatment advice.

**Disposal Information**

- Spent containers and unused product should not be treated as hazardous waste.
- Do not contaminate water, food, or feed by disposal through a sanitary sewer.
- Follow all federal, state, and local regulations.
