KILLS HIV-1 (AIDS VIRUS) ON PRE-CLEARED, ENVIRONMENTAL SURFACES/OBJECTS
PREVIOUSLY COOLED WITH BLOOD/ BODY FLUIDS in health care settings or other settings where there is an increased likelihood of coming into contact with bodily fluids, and in which the surfaces/spaces likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DISINFECTION AGAINST HIV-1 (AIDS VIRUS)
OF SURFACES/OBJECTS SOILED WITH BLOOD/ BODY FLUIDS.

Personal Protection: Disinfective protective glasses, gowns, face masks, or eye covers should be appropriate. Users who demonstrate symptoms of infectious disease shall be immediately removed from duty and replaced in another position.

Cleaning Procedures: Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant.

Contact Time: Effective against HIV-1 (AIDS virus) on nontoxic surfaces in the presence of a moderate amount of organic matter, 5% blood, and 5% blood, 2 minutes, for rinsing 150 ppm (15 minutes). Use a level of 10 ppm (10 minutes) for disinfection against other bacteria, fungi, and viruses, 5 minutes.

Disposal of Infectious Material: Blood and other body fluids must be discarded and disposed of according to federal, state, and local regulations for infectious waste disposal.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Hazardful to abnormally sensitive skin. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling.

FIRST AID
On Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.

How to treat a product container or label when you call a Poison Control Center or doctor or go for treatment.

STORAGE AND DISPOSAL
Do not contain water, food or feed by storage or disposal.

Pesticide Storage: Pesticide storage containers are highly recommended. Improper use of this product may result in injury and/or property damage.

Keep container in a cool, dry place. Do not store in an area accessible to children.

Pesticide Disposal: Pesticide waste is to be disposed of properly. Improper use of this product may result in injury and/ or property damage.

Container Disposal: Never contaminate soil or water by application to domestic areas, which are accessible to children.

Container Disposal: Never contaminate soil or water by application to domestic areas, which are accessible to children.
